Mr. L. Grant Thorsteinson
BAR Waste Authority Co-op Inc.
P.O. Box 70
Arborg MB R0C 0A0

Dear Mr. Thorsteinson:

Enclosed is Dangerous Goods Handling and Transportation Act Licence No. 88 HW dated July 29, 1999 issued in accordance with the Dangerous Goods Handling and Transportation Act to the **BAR Waste Authority Co-op Inc.** in connection with the construction and operation of a used oil collection facility ("the facility") located at NE 8-22-3 EPM at the BAR Waste Authority Co-op Inc. Nuisance Grounds in the Rural Municipality of Bifrost, and in accordance with the Proposal filed under The Dangerous Goods Handling and Transportation Act on May 17, 1999.

In addition to the enclosed Licence requirements, please be informed that all other applicable federal, provincial and municipal regulations and by-laws must be complied with.

Note that section 25 of the Dangerous Goods Handling and Transportation Act allows you to appeal this Licence or the terms and conditions thereof by filing an appeal to the Minister of Environment in writing within 30 days of the issuance of this Licence. However, please be advised that the appeal does not suspend the Licence or terms and conditions thereof unless the Minister so allows.

For further information on the administration and application of the Licence, please feel free to contact Paulette Douville at (204) 785-5023.

Yours truly,

Dennis Brown
Regional Director
Eastern-Interlake Operations

THIS LICENCE IS ISSUED TO:/CET LICENCE EST DONNÉ À:

BAR WASTE AUTHORITY CO-OP INC.; "the Licencee"

for the construction and operation of a used oil collection facility ("the facility") located at NE 8-22-3 EPM, at the BAR Waste Authority Co-op Inc. Nuisance Grounds, in the Rural Municipality of Bifrost, and in accordance with the Proposal filed under The Dangerous Goods Handling and Transportation Act on May 17, 1999, and subject to the following specifications, limits, terms and conditions:

DEFINITIONS

In this Licence,

"**accredited laboratory**" means a laboratory that is accredited as per Manitoba Environment Information Bulletin 98-02E, "Policy on Accredited Laboratories";

"**Director**" means an employee of the department who has been designated or appointed by the Minister;

"**operator**" means a person who is responsible for the day-to-day maintenance and operation of the facility;

"**oil**" means any petroleum or synthetic crankcase oil, engine oil, hydraulic fluid, transmission fluid, gear oil, heat transfer fluid, or other fluid capable of use for lubricating purposes in machinery or equipment;

"**permanently closed**" means that the facility is not operated for a period of 12 months or more;

"**registered generator**" means a person who is registered as a hazardous waste generator pursuant to Manitoba Regulation 175/87 under the Dangerous Goods Handling and Transportation Act;

"**used oil**" means oil that through use, storage, handling, defect, damage, expiry of shelf life or other similar circumstances can no longer be used for its original purpose; and

"**used oil products and material**" means used oil, used oil filters or used oil containers.

GENERAL TERMS AND CONDITIONS

This Section of the Licence contains requirements intended to provide guidance to the Licencee in implementing practices to ensure that the environment is maintained in such a manner as to sustain a high quality of life, including social and economic development, recreation and leisure for present and future Manitobans.

1. The Licencee shall ensure that only the storage tank with a capacity of 4500 litres referred to in the proposal is used to collect used oil at the facility.
2. The tank referred to in clause 1) shall be situated on an impervious surface, which, at minimum, would be 152 millimeters of compacted clay.
3. The Licencee shall ensure that the operator representatively samples each full tank of collected used oil. The operator shall retain the sample until verification of destruction or recycling of the oil is received.
4. The Licencee shall, upon the request of the Director, have the sample of used oil referred to in Clause 3) analyzed by an accredited laboratory.
5. The Licencee shall maintain for each tank in the process of being filled, a tank collection log, containing, at minimum:
 - a) date and time of receipt;
 - b) name and address (or vehicle licence number) of the person who delivered the oil;
 - c) quantity of oil received;
 - d) signature of the person who delivered the oil; and
 - e) for commercial / industrial generators, the Manitoba Generator Registration Number.
6. The Licencee shall ensure that all records, including but not limited to tank collection logs, manifests, shipping documents, sample analyses, and spill reports, are to be kept for a minimum period of two years and are available for inspection by an Environment Officer.
7. The Licencee shall ensure that the operator visually inspects each individual container of used oil that is collected at the facility for contamination before the contents are transferred to the collection tank.
8. The Licencee shall ensure that any used oil that is deemed to be contaminated is not accepted at the facility and may be returned to the person who previously possessed the used oil.
9. The Licencee shall ensure that only the operator or other trained personnel employed by the Licencee shall transfer used oil into the collection tank.
10. The Licencee shall ensure that:
 - a) legible, weatherproof signs are posted at the entrance to the facility identifying the area as a used oil collection facility; and
 - b) the signs indicate the hours of operation, a contact number and a warning not to leave used oil products and material at the depot when the operator or other trained personnel is not available to accept delivery.

The BAR Waste Authority Co-op Inc.
Licence No. 88 HW
Page 3 of 4

11. The Licencee shall ensure that when the operator or other trained personnel is not present at the facility, the facility is locked in a manner that prevents unauthorized delivery of used oil products and materials into the collection tank.
12. The Licencee shall ensure that all spills of used oil in excess of 100 litres at the facility are reported immediately to Manitoba Environment at (204) 944-4888.
13. The Licencee shall ensure that all spills of used oil in excess of 5 litres but less than 100 litres at the facility are reported within one working day to the Selkirk office of Manitoba Environment.
14. The Licencee shall ensure that all persons who will be assigned duties at the facility will receive training in:
 - a) Transportation of Dangerous Goods Regulations; and
 - b) procedures pertaining to the operation of the facility.
15. The Licencee shall ensure that trained personnel are on site at all times when the facility is open to receive used oil products and material.
16. The Licencee shall ensure that only used oil products and material are received at the facility.
17. The Licencee shall ensure that the facility does not receive oil products and material from commercial / industrial generators that are not registered generators.
18. The Licencee shall ensure that each transport of used oil from the facility is accompanied by a hazardous waste manifest, or a dangerous goods shipping document, as appropriate.
19. The Licencee shall ensure that the facility is properly equipped with spill cleanup equipment and supplies.
20. The Licencee shall ensure that only licenced hazardous waste carriers are consigned to transport used oil from the facility.
21. The Licencee shall ensure that a written agreement is in place with a licenced hazardous waste carrier at all times during the lifetime of the facility.
22. The Licencee shall ensure that a loading area is provided immediately adjacent to the storage tank that:
 - a) is properly sized and graded; and
 - b) made of an impermeable material acceptable to an Environment Officer.

SPECIFICATIONS, LIMITS, TERMS AND CONDITIONS

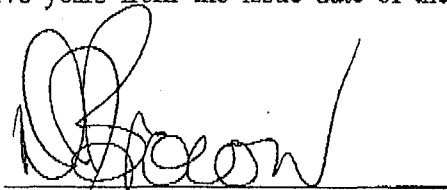

23. The Licencee shall ensure that approval is obtained in writing from the Director for any proposed alteration to the facility before proceeding with the alteration.

The BAR Waste Authority Co-op Inc.
Licence No. 88 HW
Page 4 of 4

24. The Licencee shall, at the request of the Director, in the event that the facility is permanently closed, conduct an investigation in accordance with "Manitoba Environment's Guideline for Environmental Site Investigations in Manitoba", (March 1998), to identify any contamination which may have resulted from the operation of the facility.
25. The Licencee shall ensure that, where the investigation referred to in Clause 24 of this Licence shows that contamination of the environment has occurred, submit a remediation proposal to the Director and, upon approval of this proposal by the Director carry out the required remediation.
26. The Licencee shall ensure that, within 60 days of the issuance of this license, the Director is provided with a contingency plan outlining procedures to be used in the event of a leak, spill, fire or other hazardous condition at the facility.
27. The Licencee shall ensure that it maintains throughout the term of this Licence;
 - a) \$2 000 000. 00 Commercial General Comprehensive Liability Insurance;
 - b) \$250 000. 00 Environmental Impairment Liability Insurance; and
 - c) \$50,000.00 Property Insurance
28. The Director may, where he deems it in the public interest, require the Licencee to provide financial assurance in the form of a letter of credit, a bond, further insurance, or other form acceptable to the Director in an amount to be determined by the Director. The Director may order forfeiture of this security, either in whole or in part, by giving notice to that effect to the Licencee upon the Director being satisfied that the facility is in breach of any of the terms of this Licence, or for reimbursement of any costs or expenses incurred by the Province of Manitoba in rectifying environmental damage caused or contributed to by the operation of the facility.

REVIEW AND REVOCATION

- A. If, in the opinion of the Director, the Licencee has exceeded or is exceeding or has or is failing to meet the specifications, limits, terms, or conditions set out in this Licence, the Director may, temporarily or permanently, revoke this Licence.
- B. If the construction of the facility has not commenced within three years of the date of this Licence, the Licence is revoked.
- C. If, in the opinion of the Director, new evidence warrants a change in the specifications, limits, terms or conditions of this Licence, the Director may require the filing of a new proposal pursuant to The Dangerous Goods Handling and Transportation Act.
- D. This Licence shall be reviewed by the Director five years from the issue date of the Licence.
