

March 3, 1970.

File: C-b-256

Mr. C. Teetaert,
Secretary- Treasurer,
Rural Municipality of Woodworth,
Kenton, Manitoba.

Dear Sir:

Re: Licence - The Clean Environment Act
Kenton Sewage Lagoon Effluent

This is a licence issued to the Rural Municipality of Woodworth pursuant to The Clean Environment Act, in respect of the sewerage system for the unincorporated village of Kenton in the Rural Municipality of Woodworth, for the discharge of sewage lagoon effluent into an unnamed gully draining generally towards the Assiniboine River, with the following conditions:

- 1) No effluent shall be discharged between November 1st of any year and May 15th of the following year without the express permission of The Clean Environment Commission, and
- 2) The Commission may require the effluent to be held between 15th June and 15th of September of any year, and
- 3) Chlorination of the effluent, in a manner required by the Commission, shall be carried out prior to discharge.

Yours very truly,
ORIGINAL SIGNED BY

PETER WARNER, M.D., Ph.D., F.C. Path.
ASSISTANT DEPUTY MINISTER PUBLIC HEALTH

Chairman,
The Clean Environment Commission.

Date of issue/decision - 3rd March, 1970
Date of Termination - indefinite
