

AN ORDER OF THE CLEAN ENVIRONMENT COMMISSION

UNDER THE CLEAN ENVIRONMENT ACT

RE: THE CLEAN ENVIRONMENT COMMISSION and MELODY BAR LTD., Applicant,

WHEREAS pursuant to the provisions of The Clean Environment Act, Mr. W. Wirt on behalf of Melody Bar Ltd. filed an application with the Department of Mines, Resources and Environmental Management in connection with the operation of an existing extended aeration sewage treatment plant located on part of River Lots 163 to 167, Parish of St. Andrews, in the Rural Municipality of St. Clements, Manitoba, and serving the Melody Lane Trailer Park and associated facilities with discharge of effluent to the waters of the Red River;

AND WHEREAS in the absence of limits being prescribed by a Regulation under The Clean Environment Act, the said proposal was referred to The Clean Environment Commission for the prescribing of limits;

AND WHEREAS no representation was made to the Commission by any person who is or who is likely to be affected by an Order of the Commission prescribing limits in connection with the said program;

AND WHEREAS the said Commission considered the application on the 13th day of July, 1976;

IT IS HEREBY ORDERED THAT

1. The Applicant shall ensure that on or before November 30, 1976, all sewage generated by the facilities at the said Trailer Park shall be directed to the said treatment plant.
2. The Applicant shall ensure that the said treatment plant is maintained and operated in such a manner as to minimize the release of offensive odours.
3. The Applicant shall ensure that the quality of the effluent from the said plant is such that:

Cont'd . . .

3. (a) the five-day biochemical oxygen demand, before any chlorination, does not exceed 30 milligrams per litre;
 - (b) the suspended solids do not exceed 30 milligrams per litre; and
 - (c) the fecal coliform count in terms of the MPN Index does not exceed 200 per 100 millilitres of sample.
4. The Applicant shall ensure the effluent from the said plant is subjected to continuous chlorination in such a manner and to such a residual as to ensure the limit in sub-clause 3(c).
 5. The Applicant shall ensure that the sludge removed from the said sewage plant is disposed of in a manner and at such time intervals as are acceptable to the Environmental Management Division of the Department of Mines, Resources and Environmental Management.
 6. The Applicant shall ensure that the said plant is in compliance with Clause 3. on or before the 31st day of December, 1976.
 7. The Applicant shall, on and after the first day of September, 1977, provide a means to measure the daily quantity of sewage processed by the said sewage treatment plant, or of the water supplied to the trailer park and associated operations, and shall maintain a record of such daily measurements at the site of the operation for inspection by representatives of the Environmental Management Division.

Order No. 615

Dated at the City of Winnipeg

this 4 day of August, 1976.Chairman,
The Clean Environment Commission.
