

**MANITOBA WATER AND WASTEWATER FACILITY OPERATORS
CERTIFICATION EXAM SCHEDULE FOR
MAY, 2012 – JUNE, 2012**

(updated: May 9, 2012)

Please check for further updates as more dates will be added.

Please Note: We will allow re-writes and challenges of all exam types on the dates listed below following Red River College courses, **unless course gets cancelled**. You must register for these exams so that an exam is available and that there is room for you to write in the classroom. Please contact Pat Goran for more details (contact info on the last page).

Beginning on January 1, 2012 sequential exams will be used. Exams will need to be written in sequence starting at the lowest level (Class I) and increasing to the highest level required.

You must register with Pat Goran (contact info on the last page) for the exam so that verification can be made to write at a higher level. If you show up to the location to write the exam without verification you will not be allowed to write.

(Note: Re-writes of failed exams are allowed after 4 months have passed.)
