**A Work Permit is issued only to the projects proponent:** (the person, company, organization, federal government department/agency, or local government/agency who is sponsoring/financing the project or holds the permit/licence issued by a Department of the Government of Manitoba, under which the project is conducted).

### 1(a) APPLICANT (Go to 1(b) if a Corporation or Federal/ Municipal Government Department/Agency)

Name \_\_\_\_\_  
LAST FIRST MIDDLE

Mailing Address \_\_\_\_\_

City \_\_\_\_\_ Country \_\_\_\_\_ Postal Code \_\_\_\_\_

Telephone: Home: \_\_\_\_\_ Work: \_\_\_\_\_

Fax: \_\_\_\_\_ Mobile: \_\_\_\_\_  
(on site contact number)

### 1(b) CORPORATE OR FEDERAL/MUNICIPAL GOVERNMENT DEPARTMENT/AGENCY APPLICANT

Registered Name: \_\_\_\_\_ Tantalum Mining Corporation of Canada (TANCO)

Type of Organization:  Corporation  Government Department  Government Agency  Other \_\_\_\_\_

Mailing Address: \_\_\_\_\_ Box 2000

City \_\_\_\_\_ Lac du Bonnet, MB \_\_\_\_\_ Country \_\_\_\_\_ Canada \_\_\_\_\_ Postal Code \_\_\_\_\_ R0E 1A0

Project Supervisor: \_\_\_\_\_ Will Brits \_\_\_\_\_ Job Title: \_\_\_\_\_ Facility General Manager  
(Please print)

Telephone: Work: \_\_\_\_\_ 204.844.2400 \_\_\_\_\_ Fax: \_\_\_\_\_

Mobile: \_\_\_\_\_ Email: \_\_\_\_\_ will.brits@cabotcorp.com

On-Site Supervisor: \_\_\_\_\_ Job Title: \_\_\_\_\_  
(if different than above)

Telephone: Work: \_\_\_\_\_ Fax: \_\_\_\_\_

Mobile: \_\_\_\_\_ Email: \_\_\_\_\_  
(on site contact number)

### 2 PROJECT DESCRIPTION (attach a detailed project description and maps if applicable):

Type/Purpose of Project: \_\_\_\_\_ please see attachment

General Location of Project: \_\_\_\_\_ Bernic Lake, Manitoba (70 km NE of Lac du Bonnet)

Project Start Date: \_\_\_\_\_ September 2013 \_\_\_\_\_ Project Completion Date: \_\_\_\_\_ December 2017

Access to the site will be by:  Vehicles (1/2 tons, etc.)  Boats  Snowmobile/Quad  
 Aircraft:  Helicopter  Fixed Wing - Float/Skis  Fixed wing - Wheeled  
 Type of Equipment to be used:  Hand-tools  Heavy Equipment  Other: \_\_\_\_\_

**2(b) DETAILED PROJECT DESCRIPTION** *(complete the following if you have not attached a detailed project description or if it does not contain the following information):*

Authority: *(enter Environment Licence, Mineral Exploration Licence, Mineral Lease, Casual Quarry Permit, Number, etc. if applicable):*

**please see attached**

Geographic Location (Lake/River/Community Name): \_\_\_\_\_

Legal Location: Latitude: \_\_\_\_\_ Longitude: \_\_\_\_\_ or

NW ¼  NE ¼  SW ¼  SE ¼  of Section \_\_\_\_\_ Township \_\_\_\_\_ Range \_\_\_\_\_  WPM  EPM  E of 2<sup>nd</sup> M

**Description of work:**

A map of a minimum 1:50,000 scale showing camp locations and the siting of any new roads is required.

Will access roads be required:  Yes  No If yes: Existing  Yes  No,  Winter  Summer

List where access roads will be required and how they will be constructed (attach separate sheet if necessary):

Will the project involve clearing or grubbing *(removal of trees and the tree roots from the ground):*

Yes, approximate area to be cleared: 4.0  No

If yes: What disposal method will you use for non-merchantable material?

Piling and burning  Windrows *(the piling and compacting of the non-merchantable material into a linear pile)*

Spreading  Burying  Other: \_\_\_\_\_

Details of the type of habitat *(i.e. grassland, swamp, brush (alder, willow), small immature timber, mature timber (coniferous, deciduous), etc.)* and equipment that will be used (attach separate sheet if necessary):

Will camps be required:  Yes  No      Size of camp (number of persons): \_\_\_\_\_

List where camps will be located (a map is required) and method of access (attach separate sheet if necessary)

Will you have a pressurized water system:  Yes  No

Type of septic system:  Pit privy  
 Septic tank with a septic field:  Yes  No  
 Other type \_\_\_\_\_

*(A permit from the Regional Environment Officer is required for sewage systems and pressurized water systems)*

**Description of the operation:**

*(if the project has more than one stage please give a description of each stage (attach a separate sheet if necessary))*

**Impact statement:**

*(describe the impact of the operation and if mitigation measures will be necessary and what types of measures you will have in place (attach a separate sheet if necessary))*

**3 FUEL STORAGE**

Will onsite fuel storage be required:  Yes  No    If yes:  Drums    Number 5  
 Envirotank    Size 200 litres  
 Other    Type steel    Quantity diesel

Will you have a containment berm:  Yes  No      Will you have a spill kit:  Yes  No

**4 APPLICANT'S DECLARATION**

Please review the information contained within Section 5 prior to signing.

I hereby certify that all information given in this application is true in substance and in fact.

## 5 INFORMATION

- Work Permits are required under the Crown Lands Act for work conducted on Crown land.
- Work Permits are required under the Wildfires Act for industrial operations conducted within the Province of Manitoba Burning Permit Area.
- Work permits are no longer required for work within Department of Infrastructure and Transportation Right-of-Ways. Applicants should contact the nearest MIT Office before beginning work in a MIT ROW.
- Work permit requests of a routine nature will normally be issued at the district office within 5 business days of receipt of the application but depending on the complexity of the project a regional review may be required which can take up to 4 – 6 weeks to complete. Please submit your application accordingly.
- In areas covered by Resource Management Agreements consultation may also be required with the Resource Management Board. Normally the RMB has 45 days to review and provide comments on applications.
- Depending on the project an Environment Licence may also be required. Information on the types of projects that require an Environment Licence can be obtained at: <http://www.gov.mb.ca/conservation/envapprovals/>
- To ensure that you will not be working on mining restricted lands please consult with Manitoba Industry, Economic Development and Mines or their website at [www.gov.mb.ca/iedm/mrd/geo/gis/minesmaps.html](http://www.gov.mb.ca/iedm/mrd/geo/gis/minesmaps.html)
- The permittee is responsible for consulting with and obtaining all necessary authorizations from other Government Departments or Agencies (i.e. Mines Branch, Department of Fisheries and Oceans, Transport Canada, etc.).
- Functional fire suppression equipment is required during the wildfire season, April 1 – November 15. The minimum requirements are dependent on the type of operation and are outlined below;

**Road Construction:** Each heavy equipment unit (crawler tractor, excavator, skid steer loader, graders) shall be equipped with a minimum of:

- 1 – 20 lb. ABC type fire extinguisher or 2 – 10 lb. ABC type fire extinguishers.
- 1 shovel.

**Haulage Trucks:** Each truck engaged in log / gravel haulage shall be equipped with a minimum of:

- 1 – 5 lb. ABC type fire extinguisher.
- 1 shovel.

**Service / Utility Vehicles:** Each service / utility vehicle such as pick-ups or fuel tenders shall be equipped with:

- 1 – 5 lb. ABC type fire extinguisher.

**Power Saws / Brush Saws:** Each power saw or power hand tool kit shall be equipped with a minimum of:

- 1 – 2 lb. ABC type fire extinguisher.

**Logging Operations / Scarification:** Each heavy equipment unit (skidder / slasher / forwarder / feller buncher ) shall be equipped with in minimum of:

- 1 – 20 lb. ABC type fire extinguisher or equivalent.
- 1 pack pump (full) or equivalent container able to hold a minimum of 20 litres of water.
- 1 shovel.

**Forest Camps / Work Crews (drilling / tree planting / line cutting etc.):** Each camp shall have the following minimum type of equipment on site;

### 3 – 5 Person Crew

- 1 pack pump (full) or equivalent container able to hold a minimum of 20 litres of water.
- 1 shovel.

### 5 – 10 Person Crew

- 2 pack cans (full) or equivalent
- 1 shovel.
- 1 axe.

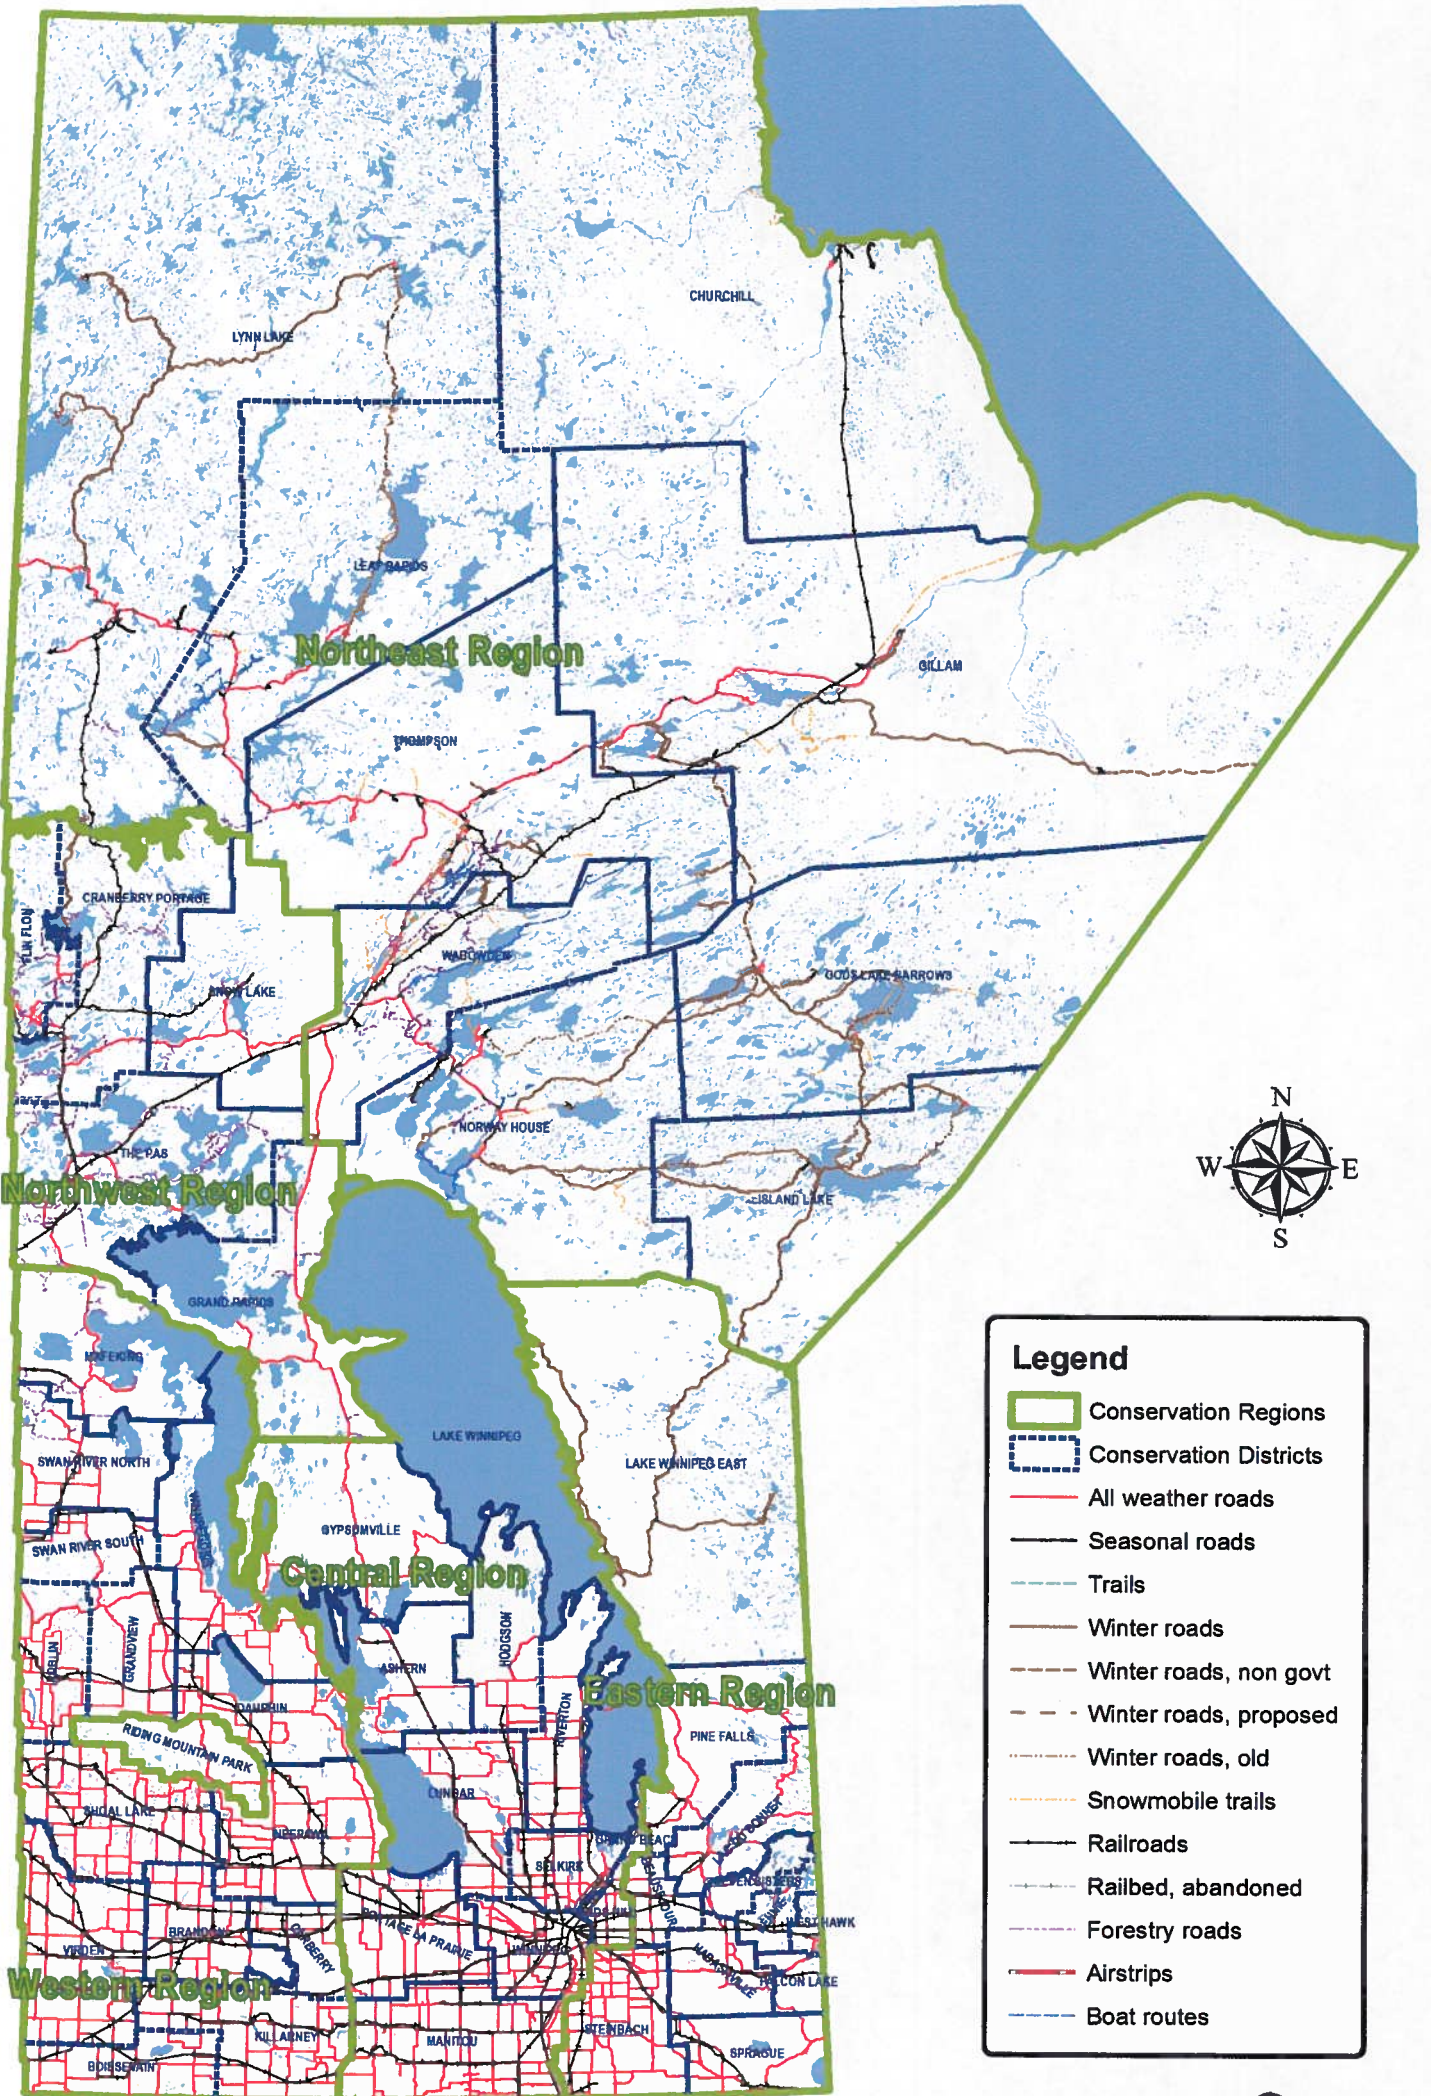

### 10 Person Crew Plus

- 1 pumping unit (min 50 p.s.i.) c/w 600 feet of forestry hose and accessories.
- 3 pack cans (full) or equivalent.
- 3 shovels.
- 2 axes.

**Established Camps / Sawmill Sites etc.:** Each camp or sawmill site shall have the minimum type of equipment on site.

- 1 pumping unit (min 50 p.s.i.) c/w 600 feet of forestry hose and accessories.
- 1 – 500 gallon tank wagon / water tender or equivalent (where there is no readily accessible water source)
- 6 pack cans or equivalent.
- 6 shovels.

**Communication:** The operation must have a means of reporting a forest fire from the work site.
