Subject: Cell 17 approval to use

Good morning Barry,

I am writing in response to your email dated October 17, 2023, where you requested approval to cover cell 17 of the Prairie Green Landfill. In your email, you included a QA/QC report dated October 17, 2023, which was prepared by Trek Geotechnical for the construction of the HDPE geomembrane liner in cell 17 of the facility.

After reviewing the QA/QC report, the requirements of clause 40-45 of Environment Act Licence No. 2177 E R (licence) have been met. As per clause 46 of the licence, I am granting authorization for you to cover cell 17 of the facility following the limits, terms, and conditions outlined in the licence.

If you have any further questions or concerns, please do not hesitate to contact me.

Thank you.

Regards,
