Dear Ms. Braun:

**RE: Bipole III Transmission Project (Licence 3055) – Licence Conditions # 57 & 58**

Pursuant to conditions 57 and 58 of the Bipole III Transmission Project Environment Act Licence #3055, please find attached the revised 2014 Biophysical Monitoring and Mitigation Report. Page 4 of the report correctly states, “No construction work occurred on transmission line sections N1, N4, C1, C2, S1 or S2 to October 31, 2014.” Page 7 has been corrected to note clearing of C2 occurred in 2014/15, not 2013/14.

Should you have any questions or require further clarification of our comments please do not hesitate to contact me at 204-360-4394.

Regards,
