Subject: Cell 34: Liner QC report

Good afternoon Ash,

I am writing in response to your email dated October 10, 2023, where you requested approval to cover cell 34 of the Brady Road Landfill. In your email, you included a QA/QC report dated October 10, 2023, which was prepared by Titan Environmental Containment for the construction of HDPE geomembrane liner in cell 34 of the facility.

After reviewing the QA/QC report, the requirements of clause 33 of Environment Act Licence No. 3081 R (licence) have been met. As per clause 35 of the licence, I am granting authorization for you to cover cell 34 of the facility following the limits, terms, and conditions outlined in the licence.

If you have any further questions or concerns, please do not hesitate to contact me.
Thank you.

Regards,
