

SUMMARY OF COMMENTS/RECOMMENDATIONS

PROPONENT: City of Brandon
PROPOSAL NAME: Eastview Landfill
CLASS OF DEVELOPMENT: Class 2
TYPE OF DEVELOPMENT: Waste Disposal Ground
CLIENT FILE NO.: 5597.00

OVERVIEW:

A proposal form was filed on December 17, 2014 by SNC Lavalin Inc. for the continued operation of Brandon Eastview Landfill located at 3610 Victoria Avenue East in Brandon, Manitoba.

The Proposal was advertised in the Brandon Sun on Saturday January 10, 2015. Copies of the proposal and related documents were placed in the Public Registries at the Millennium Public Library and the Legislative Library. An electronic copy of the proposal and related documents were placed on the Environmental Approvals online registry. The proposal was distributed to the Technical Advisory Committee (TAC) on January 9, 2015. The closing date for TAC and public comments was on February 10, 2015.

COMMENTS FROM THE PUBLIC:

- No comments were received from the public.

COMMENTS FROM THE TECHNICAL ADVISORY COMMITTEE:

Following is a summary of TAC comments received pertaining to the Proposal.

Conservation and Water Stewardship – Land Programs Branch and Sustainable Resource Policy Management Branch

No concerns.

Disposition:

No action needed.

Conservation and Water Stewardship – Drainage and Water Control Licensing

Any water control works (drains, culverts, dykes, dams, etc) associated with this project will require licensing under the *Water Rights Act*.

Disposition:

For information. No action needed.

Conservation and Water Stewardship - Parks and Protected Spaces Branch

No concerns.

Disposition:

Disposition:

No action needed.

Office of the Fire Commissioner

No concerns.

Disposition:

No action needed.

Conservation and Water Stewardship – Crown Lands Program

No concerns.

Disposition:

No action needed.

Conservation and Water Stewardship – Water Stewardship Division

Water Stewardship Division reviewed the proposal and the summarized comments include:

- In the event that a contaminant should leave the landfill and enter the Assiniboine River, notification should be provided to downstream water user. The first on record with ODW is City of Portage la Prairie.

Disposition:

Comments and concerns are addressed in the draft licence.

Conservation and Water Stewardship – Water Use Licensing

Requested the consultant improve the section on hydrogeology.

Disposition:

Requested additional information. Further information provided by consultant.

Conservation and Water Stewardship – Water Science and Management

Requested the consultant improve the section on hydrogeology, and further details of the monitoring well network at the facility.

Disposition:

Comments and concerns are address in the draft licence.

Agriculture, Food and Rural Development – Crops Branch

No concerns.

Disposition:

No action needed.

Conservation and Water Stewardship – Environmental Compliance and Enforcement Branch

Regional staff reviewed the proposal, and did not identify concerns regarding the Development.

Disposition:

No action needed.

PUBLIC HEARING:

A public hearing was not requested and is not recommended.

CROWN ABORIGINAL CONSULTATION:

The project will not affect resource use on land or water. There are no adjacent or nearby First Nations.

RECOMMENDATION:

It is recommended that the Development be licensed under *The Environment Act* subject to the limits, terms and conditions as described on the attached draft Environment Act licence.

Enforcement of the Licence should be assigned to the Environmental Compliance and Enforcement Branch.
