

## **SUMMARY OF COMMENTS/RECOMMENDATIONS**

<b>PROPONENT:</b>	Rural Municipality of Shell River
<b>PROPOSAL NAME:</b>	Used Oil Products and Materials Collection and Transfer Facility - [Shell River – Hillsburg Eco Centre]
<b>CLASS OF DEVELOPMENT:</b>	DGH&T Act
<b>TYPE OF DEVELOPMENT:</b>	Operation of a Used Oil Products and Materials Collection and Transfer Facility
<b>CLIENT FILE NO.:</b>	<b>5743.00</b>

---

### **OVERVIEW:**

A Proposal was filed on October 20, 2014 by the Rural Municipality of Shell River for the construction and operation of a Used Oil Products and Materials Collection and Transfer Facility at SE 29-26-28 W within the Rural Municipality of Shell River, Manitoba (at the Roblin/Shell River Waste Disposal Site). The facility will accept Used Oil, Used Oil Filters, Used Oil Containers and Antifreeze and store them temporarily and then send them to a licensed facility for processing.

The Proposal was advertised in the Dauphin Herald on Thursday, Nov. 4, 2014. Copies of the proposal were placed in the Public Registries at the Legislative Library and the Millennium Public Library as well as the online Public Registry. The proposal was distributed to the Technical Advisory Committee (TAC) on November 3, 2014. The closing date for TAC and public comments was on December 2, 2014.

### **COMMENTS FROM THE PUBLIC:**

No public responses were received.

### **COMMENTS FROM THE TECHNICAL ADVISORY COMMITTEE (TAC):**

Following is a summary of TAC comments received pertaining to the Proposal. Copies of the original comments from TAC are available in the Public Registries.

### **Manitoba Conservation and Water Stewardship - Environmental Compliance and Enforcement Branch**

Manitoba Conservation, Compliance and Enforcement branch has reviewed the additional information provided for the above noted proposal and has no concerns at this time.

#### *Disposition:*

No action needed.

### **Office of the Fire Commissioner (OFC)**

The Office of the Fire Commissioner recommends that the proponent obtain a building permit and occupancy permit for the construction of this facility. The building and

occupancy permit application can be obtained from the Office of the Fire Commissioner in Dauphin. Also, the proponent should submit, to the local fire authority, an updated Fire Safety Plan in conformance with section 2.8 of the Manitoba Fire Code.

*Disposition:*

Comment provided to proponent as information.

**PUBLIC HEARING:**

A public hearing is not recommended.

**CROWN ABORIGINAL CONSULTATION:**

The project is located on land owned by the proponent and located adjacent to a waste transfer station which is owned by the same proponent. All surrounding land potentially affected is zoned as rural general zone. The project will not affect resource use on land or water. There are no adjacent or nearby First Nations.

**RECOMMENDATION:**

The provincial TAC expressed no concerns, or concerns are addressed in the draft licence, regarding the proposal. Therefore, it is recommended that the Development be licensed under *The Dangerous Goods Handling and Transportation Act* subject to the limits, terms and conditions as described on the attached draft DGH&T Act licence. It is further recommended that enforcement of the Licence be assigned to the Western Region.
