Re: Environment Act Proposal – 5790.00 – Ness Ave Bridge at Sturgeon Creek, Winnipeg

Environmental Compliance and Enforcement Branch has reviewed this application and has the following comment:

- Spills of fuel, oil during construction must be reported immediately to the Environmental Emergency line: 204-944-4888

DATE: 11 September, 2015

SUBJECT: Ness Avenue Bridge Construction at Sturgeon Creek (File 5790.00)

Air Quality Section has reviewed the above proposal and provides the following comments:

- Based on the provided information, it is expected that there will be no significant impact on air quality due to this project.
- Air Quality Section suggests that the EA Clause regarding noise nuisance be included.

Subject: Request for review/comment - Ness Bridge - File: 5790.00

Hi Bruce,

Good morning

Please find below comments from the Central Region – IRMT:

- The environmental assessment for this project identifies the existence of numerous invasive plant species (leafy spurge, purple loosestrife, tansy) within the study area and perhaps within the construction zone. The proponent should be required to remove these infestations and dispose of plants and soil in a manner that does not cause re-introduction either on the construction site or elsewhere.

If you need further clarification please directly contact Sheldon Kowalchuck, RLM-Eastern Region at (204) 641-1176

Thank you for the opportunity to review

Kind regards

Winifred Frias

Mr. Webb,

I reviewed the above noted EAP and found no cause for concern in it respecting drinking water quality or safety.

If you have any questions, please call.

RE: City of Winnipeg - Ness Avenue Bridge Construction at Sturgeon Creek
Client File No. 5790.00

Dear Ms. Braun:

MIT has reviewed the proposal under the *Environment Act* noted above and we do not have any concern with the proposed development.

Thank you very much for providing us the opportunity to review the proposal.

Sincerely,

Ryan Coulter, M. Sc., P. Eng.
Manager of Environmental Services
