Attention: Ms. Tracey Braun Director

Notice of Alteration to Licence No. 3181

OCT 17 2016

RECEIVED

On behalf of Municipal Waste Management Ltd, I am submitting a Notice of Alteration to Licence No. 3181.

Following the recommendation provided by Ms. Cory Switzer, Environmental Engineer with the Province of Manitoba (Manitoba Sustainable Development), I have reviewed our Licence in regards to the water chemistry parameters that were issued on Licence No. 3181 during the month of May, 2016. We find that the Chemistry parameters that were most currently developed to be more suited towards monitoring the licenced facility covered under Municipal Waste Management Ltd, licence No. 3181. We propose that the most current Water Chemistry Parameter list provided replace the Water Quality Chemical and Microbiological Parameter list in Licence No. 3181.

We thanks you for your consideration on this matter and look forward to your response.

Sincere Regards,

Tim Oliver General Manager
