

Family Cabins / Yurts / Group Use Areas

Camp Morton Provincial Park

Campground Tips

- Be sure matches are extinguished. Break them in half before discarding.
- Build no fires except in a designated firepit or use a camp stove. Before leaving make sure your fire is completely out.
- Be careful with your cigarettes, cigars and pipe ashes. Crush them thoroughly before discarding. Never toss them from a vehicle.
- Please! Do not litter.
- Be sensitive to wildlife. Bears can be dangerous and should not be fed. Food must be stored away from your campsite, preferably in a locked vehicle, to avoid attracting hungry animals. Do not store food in your tent.
- Warm clothing is needed for cool nights.
- The use of insect repellent will add to your comfort.
- Learn to recognize and avoid poisonous plants such as poison ivy.
- In case of injury or illness contact a Campground Attendant or Park Patrol Officer. They can assist you to reach medical help.
- Canoeists and hikers travelling in backcountry areas should advise a friend of their intended destination and anticipated length of trip.
- It is illegal to use or transport elm firewood.
- Out of Province Firewood can spread harmful pests and destroy our forests - buy it locally, burn it locally.

Camp Morton

- Developed in 1920 by Monsignor Thomas W. Morton

Camp Morton was developed by Monsignor Thomas W. Morton in 1920 as a summer camp for Roman Catholic children. He devoted much of his time to this unique camp with its ornate buildings and gardens. Today, this area features family vacation cabins, yurts and group use area surrounded by towering forest preserved in it's natural state.

The family vacation area includes six detached cabins and four duplex log cabins. The cabins are fully furnished. Food, utensils, pillows and bed linens are not included. All cabins have flush toilets and cold running water. The newest addition to our fixed-roof accomodations is the oddly-named yurt. These six yurts are part cabin, part tent and 100 per cent comfortable.

Vacationers can enjoy the natruual lakeshore, along with picnic and general day-use areas. Relax on the beach or take a swim in Lake Winnipeg. Bring your tackle box and fish for a meal. Go for a round of golf at the nearby golf course. Take a leisurely stroll around the park's historic buildings, monuments and gardens. Interpretive outdoor signs are located

throughout the park. These texts and photographs provide information about the buildings and interesting places such as the historical pump house, water tower and Camp Morton's facade.

Woodland trails provide the chance to discover the beauty of Interlake's mixed boreal forest. Look up and marvel at the mixture of white spruce, aspen, oak, ash, balsam poplar and Manitoba maple. Watch for shrubs such as Saskatoon, highbrush cranberry, hazel and mountain maple. Listen for the sounds of nature including frogs and songbirds. Near and on the water terns, gulls and American white pelicans are commonly seen. Spectacular bald eagles pass through during their spring and fall migrations.

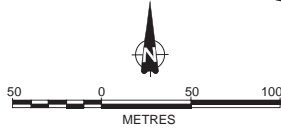

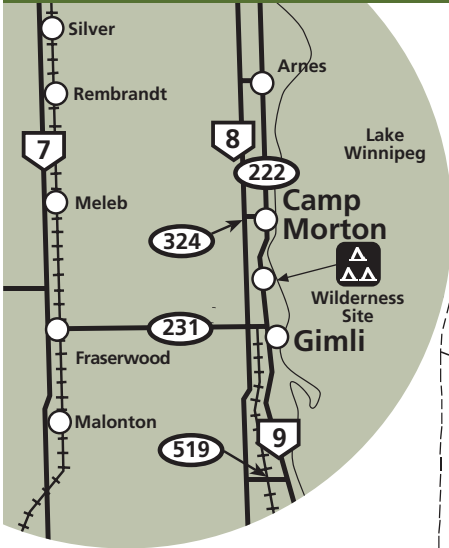

Camp Morton Provincial Recreation Park is 8 kilometers north of Gimli. It can be reached via provincial Trunk Highway #8 or #222.

More information on Camp Morton Family and group use areas and Camp Morton Provincial Park is available on request from the park office.
