Duck Mountain

- The fresh spring fed lake is a legacy of glacial times

Fed by fresh springs, the blue-green water of Childs Lake welcomes campers to Duck Mountain Provincial Park. Pitch your tent in the campground and enjoy the nearby swimming area and beach. Use the convenient boat docks and launches for a day out on the water.

Childs Lake is teeming with fish - trophy sized fish. In fact, in 1981 a Kokanee measuring a whopping 21.5 inches (54.6 cm) was caught here. Today the record still stands as the longest fish of that type caught in Manitoba. Although Kokanee are no longer stocked, Lake Trout, Splake, Northern Pike and Walleye can be caught. The clear, deep lake is also popular with scuba divers.

Stay active on the Childs Lake Hiking Trail, a network of loop trails on the west shore of Childs Lake. Mossberry Lake Trail, a multiple use trail between Childs Lake and

Blue Lake, is available for hiking, cycling, all terrain vehicles, horseback riding or horse and wagon. The Shell Valley hiking trail is located 10 kilometres to the west of the campground and has a scenic climb overlooking the Shell Valley.

Located approximately 85 kilometres from Dauphin, Duck Mountain rises in long hills near the Manitoba-Saskatchewan border.
