

How to Redeem Your Stamps

Once you have collected enough stamps to achieve one of the levels listed below, send your passport in to receive recognition for your dedication to Manitoba's great outdoors.

Your passport will be returned to you, along with a certificate and token of our appreciation. There is no time limit to complete the program, and you can receive a certificate and prize for each level you complete. Please ensure that the mailing address inside the front cover of your passport is correct and that the name you wish to appear on the certificate is legible. If you wish the certificate to be addressed to your entire family; i.e. Smith Family, please let us know.
