Dear Interested Party:

On behalf of the members of the East Side Panel, I am pleased to provide you with a copy of the draft East Side Planning Initiative Phase One Report.

This report is a result of discussions with various interested groups throughout the East Side of Lake Winnipeg region. It represents the first step towards the preparation of a sustainable land use plan for this region. The report is being sent to you with the hope that you will take the opportunity to review it and share any comments and questions you may have. Please forward any such comments or questions to my attention by no later than December 10, 2001.

Please be advised that this report will also be available through the Manitoba Conservation Public Registry Network and on the Internet at www.gov.mb.ca/conservation/eastsideplan.
