

**MINISTER OF  
INNOVATION, ENERGY AND MINES**

Legislative Building  
Winnipeg, Manitoba CANADA  
R3C 0V8

**THE OIL AND GAS ACT**

**PIPELINE CONSTRUCTION PERMIT No. 2013-04**

**EOG SALES GAS LINE- SEGEMENT 2  
from 4-1-2-28 WPM to 5-6-3-29 WPM  
EOG RESOURCES CANADA INC. (EOG)**

**WHEREAS**, EOG Resources Canada Inc. (EOG) made application under Section 149 of The Oil and Gas Act ("the Act") for authorization to construct a 6" (168.3mm) O.D. sales gas pipeline starting from the EOG Pierson oil battery at 4-1-2-28 WPM to a riser located at 5-6-3-29 WPM.

**AND WHEREAS**, notice of the application was published by Manitoba Innovation, Energy and Mines and sent to all landowners and other parties who may be affected by the application;

**AND WHEREAS**, the Minister has considered representations and recommendations received as a result of notice of the application and are satisfied the application complies with the Act and that construction of the pipeline is consistent with the principles of sustainable development;

**AND WHEREAS**, Subsection 149(4) of the Act provides as follows:

*149(4) The minister may, in accordance with the regulations, issue a pipeline construction permit on such terms and conditions as the minister considers necessary or advisable.*

**AND WHEREAS**, Subsection 149(5) of the Act provides as follows:

*149 (5) Where the minister issues a pipeline construction permit under subsection (4), the minister shall, in accordance with the regulations, fix the route of the pipeline.*

**THEREFORE**, the Minister approves construction of the pipelines in accordance with the following terms and conditions:

1. The permittee shall design and construct the pipelines in accordance with the most recent version of CSA Standard Z662- Oil and Gas Pipelines Systems, CSA Standards Z245.1- Steel Line Pipe and other applicable standards and the specifications, drawings and other information and data set forth in its application.
2. The permittee shall obtain the approval of the owner and any occupant in accordance with Subsection 151(2) of the Act, prior to entering on any land for the purpose of constructing the pipeline.
3. The permittee shall not proceed with construction until an Environment Act Licence for this project has been approved. The permittee shall comply with the terms and conditions of the Environmental Act Licence and any amendments thereto.
4. Schedule A, show the final approved route of the pipeline.
5. The permittee shall not make any modifications to the pipeline without the approval of the Director. The Minister's authority under Subsection 150(1) of the Act is delegated to the Director pursuant to Order in Council 384/2011.
6. The permittee is to notify the Waskada District Offices of the Petroleum Branch ("District Office"):
  - a. Not less than 7 days prior to commencing construction; and
  - b. Immediately in the event of an accident.
7. The permittee shall carry out all excavations in accordance with Manitoba Labour and Immigration's Guidelines for Excavation Work. An excavation permit shall be obtained from the District Office.
8. The permittee shall develop and implement an Emergency Response Plan for construction of the pipeline. A copy of this should be presented to the District Office for reference.
9. This construction permit does not imply consent or approval for proposed crossings of highways, provincial roads, municipal roads, railways, utility, waterways or other pipelines or flowlines. Separate crossing agreements, permits or licenses must be arranged with the appropriate authority or owner.
10. The permittee must obtain authorization under *The Water Resources Administration Act* (Manitoba) for any works or structures, prior to the commencement of construction, on a provincial waterway. A contact person is Mr. Eugene Kozera, Director, Water Control Systems Management Branch, Manitoba Department of Infrastructure and Transportation, telephone: (204) 945-7474.
11. The permittee is required to consult with the Water Stewardship Division prior to the commencement of any work to cross rivers, streams, or creeks. A contact person is Mr. Bruno Bruederlin, Regional Fisheries Biologist, telephone: (204) 726-6452.

12. Prior to beginning any construction of any water control work, a person is required to submit an application for a "Water Rights Licence to Construct Water Control Works." A contact person is Mr. Geoff Reimer, Manager, Ecological Services Division, Water Controls Works and Drainage Licensing, Regulatory Services, Manitoba Conservation and Water Stewardship; telephone: (204) 467-4450
13. The permittee may require authorization under *The Water Rights Act* for the withdrawal of water for hydrostatic testing. The proponent shall contact the following areas at Manitoba Water Stewardship at least 2 weeks in advance of the anticipated usage date:
  - a. A contact person is Ms. Laureen Janusz, Fisheries Biologist, Fisheries Branch, Manitoba Water Stewardship, telephone: (204) 945-7789 and
  - b. A contact person is Mr. Rob Matthews, Manager, Water Use Licensing Section, Manitoba Water Stewardship, telephone: (204) 945-6118.
14. The permittee will require authorization from Manitoba Water Stewardship, prior to the discharge of hydrostatic test water. A contact person is Ms. Wendy Ralley, Manager, Water Quality Management Section, Manitoba Water Stewardship; telephone: (204) 945-8146.
15. The proponent must comply with the High-Pressure Directional Drilling Operational Statement of the federal Department of Fisheries and Oceans Canada.
16. The permittee shall not commence operation of the pipeline until a pipeline operating licence under Section 152 of the Act has been issued.

Dated the 7 day of May, 2013

  
Honourable Dave Chomiak  
Minister  
Innovation, Energy and Mines
