Dear Ms. Rennie,

RE: Waskada Unit No. 24 Project Approval

The Petroleum Branch is pleased to grant approval of Waskada Unit No. 24 within the Lower Amaranth Formation covering NW/4 Section 9-2-25W1, LSDs 9-12 Section 15-2-25W1, LSDs 1-10 Section 16-2-25W1 and LSDs 1-10 Section 17-2-25W1.

The effective date for Waskada Unit No. 24 is December 1, 2019.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Engineering Officer, at (204) 945-6570.

Yours truly,

Peter Mraz
Director
