Dear Brad,

RE: Sinclair Unit No. 7 Project Approval

The Petroleum Branch is pleased to grant approval of Sinclair Unit No.7 covering sections 14 and 15-8-29 and the South ½ section 23-8-29 WPM in the Daly Sinclair Field. The effective date for Sinclair Unit No. 7 will be November 1, 2011.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Jennifer Abel at (204) 748-4265.

Yours truly,

Keith Lowdon
Director
