

Environment Act Licence

Manitoba
Environment

Licence No. 1397

Issue Date AUGUST 21, 1990

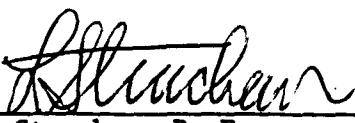

In accordance with the Manitoba Environment Act (C.C.S.M. c. E125)

THIS LICENCE IS ISSUED TO:

CLEMENT FERTILIZERS; APPLICANT

The following limits, terms, and conditions shall be complied with in connection with the operation of an anhydrous ammonia facility located on N.E. 1/4 Section 30, Township 22, Range 27 WPM, in the Rural Municipality of Boulton, Manitoba:

1. The Applicant shall limit the emission of particulate matter from the operation to such an extent that airborne particulate matter from any part or process of the operation does not exhibit an opacity greater than 5 percent at any point beyond the property line of the operation.
2. The Applicant shall ensure that the anhydrous ammonia storage facility is located:
 - (a) at least 800 metres from residential areas, schools, hospitals or other institutions;
 - (b) at least 100 metres from a single isolated residence;
 - (c) at least 100 metres from the right of way of a highway.
3. The Applicant shall not cause or permit emissions of ammonia to such an extent that the ambient concentration of ammonia in air is in excess of:
 - (a) 10 parts per million at any time when measured past the property line of the operation;
 - (b) 2 parts per million on a 1-hour average when measured past the property line of the operation.
4. The Applicant shall ensure that a high standard of equipment maintenance and good housekeeping practices are carried out at all times consistent with meeting the requirements of this Licence.
