

# Environment Act Licence

Manitoba  
Environment

Licence No. 1483

Issue Date JUNE 24, 1991

In accordance with the Manitoba Environment Act (C.C.S.M. c. E125)

THIS LICENCE IS ISSUED TO:

**FISH FUTURES INC; APPLICANT**  
**(WHITESHELL RIVER ENHANCEMENT PROJECT)**

Approval is hereby given for the construction of flow deflectors, trout cover structures and other channel modifications collectively known as the Whiteshell River Trout Habitat Enhancement Project, located in the Whiteshell Provincial Park in that portion of the Whiteshell River flowing between the outlet of West Hawk Lake and the inlet to Caddy Lake (Zone 14, 5518300N to 5520400N, 342000E to 343800E); subject to the following terms, limits and conditions:

1. The Applicant shall ensure that the works are constructed substantially as described in the Project Description of the "Proposal for the Development of Trout Habitat on the Whiteshell River", submitted March 22, 1991 as supporting documentation.
2. The Applicant shall ensure that all works are constructed under supervision of a Fisheries Habitat Specialist of the Manitoba Department of Natural Resources.
3. The Applicant shall undertake a survey of rare and endangered plant species in any area where heavy equipment may be used for purposes associated with the project, shall report to the Director on the survey at least 30 days in advance of the planned activity and shall undertake any measures deemed necessary by the Director to protect the rare and endangered species.
4. The Applicant shall specify in writing to the Director at least 30 days in advance of the planned extractions, the source locations and respective quantities of fill to be used in construction of the works and shall undertake any mitigative measures deemed necessary by the Director.

Larry Strachan, P. Eng.  
Director  
Environment Act
