Dear Colin Javra:

Re: South End Water Pollution Control Centre (SEWPCC) - Environment Act Licence No. 2716 RR - Quarterly Progress Report Acknowledgement

Thank you for the April 30, July 27, and November 1, 2021 quarterly progress reports regarding the South End Water Pollution Control Centre (SEWPCC) upgrade projects.

By providing summaries of the monthly email update reports for the respective previous three months, the quarterly reports meet the requirement in condition 4) of the March 15, 2021 notice of alteration letter response from Environmental Approvals Branch to the City of Winnipeg.

However, there are some discrepancies and inconsistencies noted in the quarterly reports as compared to the prior monthly email updates. For example:

- The October 7 monthly update indicated 10% completion of Secondary Clarifiers 1 & 2, whereas the November 1st quarterly report indicated the same component as only 5% completed.
- Substantial performance was reported as 70% completed in the October 7 monthly update, whereas in the November 1st quarterly report it was reported as only 68% completed.

Going forward, beginning with January 2022, please ensure these quarterly progress reports are free of errors such as those identified above or that any changes are explained. Information provided in the reports must encompass all of the identified activities and milestones and be accurate.

Should you have any questions regarding this letter, or have questions on expectations for future reports, please contact Bereket Assefa, Senior Environmental Engineer, Environmental Approvals Branch, at Bereket.Assefa@gov.mb.ca or 204-330-4613.

Sincerely,

Original signed by,

Laura Pyles
Acting Director
