Parks and Natural Areas Branch has reviewed the proposal filed pursuant to the Environment Act for Tembec Enterprises Inc. 2010-2029 Forest Stewardship Plan (file 4572.00). The Branch has no concerns with the proposal. However the Branch would like to ensure that the licence include clauses to protect ecologically sensitive and protected areas, as in past licences, and include the statement: "The Licencee, quota holders, or third party operators, shall not harvest timber within the boundaries of any proposed or existing Ecological Reserves, any Provincial Parks and any Park Reserves".
