Dear Ms. Dagdick:

Manitoba Sustainable Development has approved the Mountain Quota Holders Association 2018-20 Operating Plan.

The Mountain Quota Holders Association is requesting a two year extension to Environment Act License #2601 for the 2018-20 operating period. This will allow continuation of the current forest management agreement with Manitoba Sustainable Development for Forest Management Units 12 and 14 within the Mountain Forest Section.

If you have any questions, please give me a call at 734-3089.

Sincerely,

Rick Bobby
Mountain Quota Holders Association
