Dear Apprentice:

You are about to enroll in your next level of apprenticeship technical training. I wish you a rewarding experience during this time in your apprenticeship program.

Apprenticeship Manitoba works closely with its training delivery partners to ensure that apprentices receive high quality training access to high quality equipment and facilities.

When you engage in apprenticeship technical training, you remain a client of Apprenticeship Manitoba and must abide by the conditions and guidelines of your Apprenticeship Agreement and the Apprenticeship Technical Training Code of Conduct (included in this calendar). At the same time, you are a student and must abide by the policies and guidelines established by the training provider.

I urge you to read carefully this year's technical training calendar and to consult with your employer about when to attend technical training. If you have questions about technical training, please contact your Apprenticeship Training Coordinator or our office at the telephone number listed on this letterhead.

I wish you well in your training and I look forward to the day you receive a Certificate of Qualification in your chosen trade.

- You may be requested to attend a meeting to determine if these absences are excused or unexcusable.

APPRENTICESHIP TECHNICAL TRAINING CODE OF CONDUCT

1.0.1 Conduct Subject to Disciplinary Actions

The safe and orderly operation and delivery of apprenticeship technical training requires that apprentices conduct themselves in a mature and responsible manner while attending technical training. Such conduct is expected to apply to all locations operated by apprenticeship training providers. Apprentice conduct and/or behaviour, as described below, will be subject to disciplinary action.

- a) Unexcused absences from technical training as stated in the Attendance Policy.
- b) Any form of dishonesty including fraud, deceit, and academic dishonesty.
- c) The subjecting of any person(s) to indignity, injury, threat of violence or degradation.
- d) Disturbing, disrupting or otherwise interfering with technical training activities (lectures, shop/practical exercises, studies) of fellow apprentices and training provider staff.
- e) Obnoxious behaviour such as using abusive or vulgar language, gestures and the like.
- f) The deliberate damaging of facilities or unauthorized use/removal of property belonging to the training provider.
- g) The theft or willful damage to personal effects and property of apprentices or staff.
- h) Neglecting Workplace Safety and Health procedures or practices, or the intentional creation of safety hazards.
- i) Bringing alcoholic beverages, illicit drugs, and/or other intoxicants onto the premises of the training provider for personal use or for use by others.

1.0.2 Serious Misconduct

Some examples of misconduct that could result in the **immediate** removal from training or termination of an apprenticeship agreement are as follows:

- a) **Assault** - the actual or attempted violent physical or verbal attack on another apprentice or staff of the training provider.
- b) **Vandalism** - the willful, malicious destruction or defacement of public or private property of the training provider, staff or apprentices.
- c) **Theft** - the unlawful taking of property of the training provider, staff or apprentices.
- d) **Obscenity** - the uttering of offensive or vulgar language, including obscene gestures.

1.0.3 Types of Disciplinary Actions

Normally, disciplinary actions will progress in the sequence as outlined below. However, serious breaches of conduct will result in immediate removal from technical training or the termination of an apprenticeship agreement. An apprentice whose apprenticeship agreement is cancelled may not, at the discretion of the Executive Director, be re-registered to a new apprenticeship agreement.

Sequence of Disciplinary Actions

- a) Reprimand is an action that officially recognizes a violation of good conduct and advises the offender to avoid future infractions. The initial reprimand will be verbal and issued by an Apprenticeship Training Coordinator. A written reprimand will follow if the apprentice fails to comply with the directions of the verbal reprimand.
- b) Removal is an action that excludes the apprentice from the current offering of technical training. Removal from technical training is done by an Apprenticeship Training Coordinator or the Apprenticeship Registrar. Removal from technical training may be done ***immediately and directly*** by the training provider if the safety of the training provider's staff or other apprentices are in danger.
- c) Cancellation is an action that prevents the apprentice from continuing with their apprenticeship program. Apprenticeship Manitoba's Director of Client Services and Operations, with recommendation and documentation provided by an Apprenticeship Training Coordinator or the Apprenticeship Registrar will cancel an apprentice's agreement. Depending on the severity of the misconduct the offender may, at the decision of the Executive Director of Apprenticeship Manitoba, be permanently prevented from registering another apprenticeship agreement with Apprenticeship Manitoba.
