ANGLERS’ GUIDE 2008

FISHERIES ENHANCEMENT FUND
As Manitoba’s Minister of Water Stewardship, I look forward to another exciting year of new programs and initiatives, working in partnership with all Manitobans and our many resource user groups.

The first year of the new Fisheries Enhancement Fund (FEF) saw the successful implementation of over 25 projects, ranging from fisheries research studies to innovative educational programs. All of these projects were initiated under the stewardship of the FEF Project Review Committee, a group of dedicated members from resource user groups with a keen interest in improving management, enhancement and conservation of Manitoba’s fisheries.

My department is committed to working with anglers, their associations, stewardship groups and industry to provide a variety of quality and diverse recreational angling opportunities, deliver innovative fisheries management programs, and together build our capacity to meet future challenges.

I invite all Manitobans to become involved in working to protect, conserve, and enhance the wonderful experiences that our fisheries resources have to offer, so that they will always be there for residents and visitors to our province.

Have a safe and enjoyable fishing season!

Hon. Christine Melnick
Minister
Water Stewardship

WHAT’S NEW FOR 2008
The regulations in this book are in effect on April 1, 2008. Changes shown in italics are intended to simplify regulations by reducing the number and complexity of regulations.

- **In the Northwest Division, all pike over 75 cm must be released.**
- The general spring closure on Overflowing and Red Deer (from Red Deer Lake to Lake Winnipegosis) rivers will be from April 1 to and including May 16.
- On Lake Winnipegosis and its tributaries, the walleye limit will be 4 and all walleye between 45 cm and 70 cm must be released.
- Angling licence fees have increased (see page 3).
- Fish consumption guidelines have been revised (see page 4).

PENDING CHANGES
The following changes fall under the Fisheries Act and require federal approval prior to becoming law.

- Apply High Quality Management limits to Paint Lake and its tributaries.
- Antons, Corstoffine and Pybus lakes will be added to the stock trout waters list.
- On Corstoffine and Pybus lakes, no natural bait and no motors, with the exception of electric motors, may be used.

POSSIBLE CHANGES
Proposed changes shown in italics are intended to simplify regulations by reducing the number and complexity of regulations. By listing these proposed changes a year in advance, anglers will have an opportunity to express their opinions regarding these changes.

- **In the Northwest Division, all walleye over 55 cm must be released.**
- Apply High Quality Management limits to Cachalotte Lake.
- On Bell and North Steeprock lakes, the walleye limit is 2 and all walleye between 45 cm and 70 cm must be released.
- On Gull Lake (near Beaconia), all pike over 60 cm must be released.

To comment on possible changes, e-mail: fish@gov.mb.ca or call (204) 945-6640.

FRONT COVER

Inset: Steve Newransky and Larry Lee with master angler channel catfish caught in the Red River.
LICENCES

- **Fees (+ GST)**
  - Conservation
  - Regular
  - Resident Senior (Manitobans 65 and over) 
    - Free
  - See resident regular licence
  - Resident (Manitobans age 16-64) 
    - $13.28
  - $18.89
  - Canadian Resident 
    - $21.69
  - $40.38
  - (age 16 and over)
  - Nonresident (age 16 and over) 
    - $31.04
    - $54.40

A “Manitoba Resident Seniors Conservation Licence” is for Manitoba seniors (65 and over) who have permanently resided in Manitoba for at least six months and is valid for a conservation limit of fish. Manitoba seniors wanting a regular limit of fish must buy a regular resident licence.

Licences are valid from May 1, 2008 until and including April 30, 2009, but are not valid until they are signed. The time of licence validity has no impact on season dates. See page 8 for general season dates. Licences are not transferrable or refundable. If a licence is lost another must be purchased.

- All persons, except those exempted below, who engage in angling, dip netting, seining, minnow trapping, spear fishing, and bow fishing, must have a Manitoba Angling Licence on their person.

**LICENCE EXEMPTIONS**

The following people may angle without a licence:

- Any person under the age of 16 who has permanently resided in Manitoba for at least six months.
- Any Canadian resident or nonresident under the age of 16. The person must fish with a licence holder, or someone exempt from holding a licence, and their catch must be applied to the limit of that person. A Canadian resident or nonresident under 16 who wishes to have a separate limit must buy a licence.

Manitoba youth under the age of 16 have all the rights and privileges of those holding a Regular Licence, including their own regular limit of fish. All other regulations apply. Proof of age is required when checked by an Officer.

**STATUS INDIANS**

Status Indians do not require an angling licence. They are exempt from angling regulations including seasons, limits, and gear restrictions when fishing for food. Proof of status is required when checked by a Natural Resource Officer or RCMP Officer (see page 15).

**RESIDENT OR NONRESIDENT?**

- A resident is a person who has lived in Manitoba for the immediate past six months. A Canadian resident is a person who has lived elsewhere in Canada for the immediate past six months. Any person who has not lived in Manitoba or Canada for the immediate past six months is a nonresident and must purchase a nonresident licence.

**NATIONAL PARKS**

A Manitoba Angling Licence is not valid for fishing in National Parks. Contact Parks Canada for details on fishing licences and regulations in National Parks.

**CONSERVATION LICENCE**

A Conservation Licence entitles the holder to the same rights as a Regular Licence holder except for reduced limits for some species: 4 walleye/sauger, 4 pike, 1 lake trout, 1 channel catfish, 2 smallmouth bass and 2 stocked trout. Limits for other species remain the same.

**LICENCE OUTLETS**

Licences are sold at most hardware and sporting goods stores, fishing centres, and lodges. Not all vendors carry nonresident licences and many do not have licences during winter.

Licences may also be bought by mail. Send a cheque or money order for the appropriate licence fee (payable to Minister of Finance) to The Cashier, Manitoba Conservation, 200 Saulteaux Crescent, Winnipeg, Manitoba, R3J 3W3. Include first name, surname, and initials; full address; day, month, and year of birth; and sex of licensee.

**GENERAL REGULATIONS**

Recreational fishing in Manitoba is governed by regulations made under The Provincial Fisheries Act and the Fisheries Act of Canada. This guide provides a summary of those regulations. The actual regulations in force, not necessarily those in this guide, shall apply. Regulations other than those under the Fisheries Act may also apply while fishing, e.g., regarding the use of boats, motors, vehicles, etc. For more detail on the regulations check with your local Manitoba Water Stewardship Office (see page 10).

**Note:**

- **Open fires** are prohibited in the Barring Permit Areas of Manitoba from April 1 to November 15, unless the fire is in an approved fire pit. If approved fire pits are not available, shore lunches and other meals must be cooked over a camp stove. For more information on Barring Permit Areas, contact your local Manitoba Conservation Office.
- **Litter regulations** (Under the Environment Act) are enforced by Manitoba Conservation.
- **Open liquor** (including beer) is prohibited in boats and vehicles. Manitoba Conservation enforces regulations under the Liquor Control Act.

**FISHING METHODS**

Recreational fishing includes angling, spear fishing, bow fishing, dip netting, seining, and minnow trapping. Techniques are those generally accepted by anglers. Under no circumstances may explosives, fire-arms, clubs, snapping, snaring, poisons, etc. be used.

**BARBLESS HOOKS**

Anglers must use barbless hooks. A barbless hook is a hook with no barbs or barbs that have been compressed to be in complete contact with the shaft of the hook. Barbless hooks may have barbs on the shank for holding bait. When you are fishing, the hooks attached to all your lines, whether in use or not, must be barbless. Barbed hooks may be kept in the tackle box.

**ANGLING AND ICE FISHING**

Angling is fishing with a hook and line. The use of any unusual or special gimmicks is often illegal and best avoided. Hooks or lures must not be spring-loaded. Anglers may use only one rod and line, except during ice fishing when two may be used. Only two hooks or lures may be used per line. Anglers must, when fishing in open water, keep their line in sight at all times and when ice fishing stay within 50 m of the line.

**ICE FISHING SHELTERS**

All ice fishing shelters must clearly display the owner’s name and address. Ice fishing shelters must be removed by March 15 on the Red River, by March 31 in the rest of the Southern Division and by April 15 in the Northwest, North Central and Northeast Divisions, or when requested to do so by a Natural Resource Officer due to unsafe ice conditions. Shelters must be stored or disposed of away from the shore and on private property. Manitoba Conservation Parks Branch requires that ice fishing shelters in provincial parks meet size, location and use standards. For more information including specific details, please contact your local Manitoba Conservation Office.

**FISH REMAINS**

Fish cleaning remains must not be left on beaches or shorelines. At sites such as boat launches, campgrounds, lodges, etc., fish remains must be placed in containers provided for that purpose.

**BAIT**

Night crawlers and earthworms may be used as bait in all Fishing Divisions in Manitoba. They may be imported to Manitoba in a sterile medium such as paper mulch, but not in soil.

Leeches, frogs and salamanders (water dogs) may also be used as bait in all Divisions. However, they may not be imported. Possession of crayfish is prohibited.

Offal (fish cleaning remains) may be used as bait in all Divisions. Frozen or preserved bait fish may be imported and used in all Divisions.
Live bait fish may not be imported and may not be used or possessed in the Northwest, North Central and Northeast Divisions, including the Bloodvein and Gammon rivers. Live bait fish may be used and possessed in the Southern Division, except in the following areas:

- Stocked Trout Waters
- Duck Mountain Provincial Forest and Park
- Turtle Mountain Provincial Park
- Porcupine Provincial Forest
- Whiteshell Provincial Park
- Winnipeg River (from Seven Sisters Dam to the Ontario border)
- Atikaki and South Atikaki Provincial Parks

Those anglers in possession of purchased live bait fish must have a Live Bait Fish Transfer and Use Receipt issued by the dealer. Anglers may catch their own bait fish, but must kill them before transporting them away from the water where they were caught. Bait fish includes only:

- chub
- trout-perch
- foglbeem
- shiner
- stickleback
- mudminnow
- sucker

No angler may have in possession more than 4 litres of bait fish of which no more than 15 dozen can be live bait fish (excluding suckers and tubililee, which have no limit).

Yellow perch, goldeye, and mooneye, that have been caught by angling may also be used as bait and may be used as live bait fish where use of live bait fish is allowed. Anglers may only possess a legal limit of these species. Carp, goldfish, and rainbow smelt, except for purchased frozen smelt, may not be used as bait.

**DIP NETTING, SEINING, AND MINNOW TRAPPING**

An angling licence is required while dip netting, seining, or minnow trapping. In most waters these activities are allowed at any time of year. Check for closures on specific waters in the divisions of the sections of this guide.

Species that may be kept include suckers, carp, burbot, bullheads, tubililee, chub, shiners, darters, dace, fathead minnow, bluntnose minnow, mudminnow, trout-perch, stickleback, sculpin and whitefish. All other species must be released immediately. Live fish may not be transported away from the waters where they were caught. Fish must be dead before transporting. General creel limits apply.

Dip nets may not be larger than 1 square metre. Seine nets may not be larger than 3 square metres. Minnow traps must not be larger than 65 cm long and 35 cm in diameter, and must have the fishermen’s name and address marked on them.

**SPEAR FISHING**

Spear fishing is the taking of fish with a handheld spear or spear gun (pneumatic or rubber band powered) while swimming. Spear fishing is allowed in all areas of the province open to angling. For safety reasons do not spear fish near areas used for swimming, boat launching, or docking.

Angling seasons, limits and licence requirements apply. Fishermen may possess only one limit of fish, whether taken by spear fishing or angling.

You may not spear fish for sturgeon, largemouth bass, smallmouth bass, muskellunge, Arctic grayling, Arctic char, brown trout, rainbow trout, brook trout, splake or other trout hybrids. Only face mask, flippers and snorkel should be used to take the following species (i.e. no scuba equipment): walleye, sauger, pike, channel catfish, crappies, mooneye, goldeye, lake trout and whitefish.

Scuba or snorkelling equipment may be used for species other than those listed above. For safety courses and information please contact your local Scuba dealer.

**BOW FISHING**

Bow fishing (the shooting of fish with archery equipment) is permitted for carp and suckers only. Angling seasons and licence requirements apply. A fish arrow and at least 20-kg test line must be used. Using a crossbow to fish is illegal.

**HOLDING AND RELEASING FISH**

Fish being legally retained may be held live only while you are actively fishing, and they must be held within 25 m of you. If you release fish, they must be released unharmed into the water from which they were taken. They must not be tagged or marked in any way, unless authorized by a permit.

**COMPETITIVE FISHING EVENTS**

Persons and organizations holding fishing derbies or tournaments that have more than 25 participants must obtain a free Competitive Fishing Event Licence four weeks prior to the event. Licences are available from Fisheries Branch, 200 Saulteaux Crescent, Winnipeg, Manitoba, R3L 3W3 (204) 945-6640 or contact a Manitoba Water Stewardship Office in your area (see page 10).

All participants must have a Manitoba Angling Licence unless exempt (see page 3). All walleye, sauger, trout, smallmouth bass, and channel catfish entered must be released. Further restrictions may be imposed. All fish caught and retained for use in a competitive fishing event are considered to be in possession and part of the angler’s daily limit.

**BUYING AND SELLING FISH**

Fish harvested while angling may not be bought, sold, traded or bartered. If you buy fish from a commercial fisherman or retailer be sure to get a sales receipt at the time of sale. You must carry this receipt with the fish as proof of purchase.

**FISHWAYS (FISH LADDERS)**

Fishways are used to assist fish passage through, over or around barriers. Please respect these structures when in use and do not disturb the fish. Remember, it is a violation to fish (including dip netting, seining and minnow trapping) within 23 metres of a fishway (fish ladder).

**HANDLING, TRANSPORT AND STORAGE OF FISH**

Live fish may not be transported away from the waters where they were caught, except under the authority of a permit issued by Fisheries Branch.

Fish must not be handled, transported or disposed of in a way that will allow it to spoil. Fish must be transported and stored so that the number, species, and size of fish can be determined. Six square centimetres of skin must be left on each fillet. Fish should not be transported or stored in a solid frozen block of fillets or in a processed state such as canned. If due to extenuating circumstances, you need to transport fish belonging to another angler, in addition to your own limit, you must obtain a Fish Transportation Loadslip from a Regional Water Stewardship or District Conservation office (see page 10).

Persons transporting fish into Manitoba that were caught outside Manitoba should obtain physical proof of the origin of the fish before it is transported.

**BORDER WATERS**

Anglers who are on or in the immediate vicinity of lakes or rivers that cross a Manitoba border may have only a Manitoba limit of fish. Anglers may have either a Manitoba or an Ontario Angling Licence (or be exempt from holding one) to fish on all of Davidson Lake, Frances Lake, Garner Lake, High Lake, Manitou Lake, Moar Lake and Ryerson Lake, and either a Manitoba or Saskatchewan Angling Licence (or be exempt from holding one) to fish on all of Lake of the Prairies upstream from the Shellmouth Dam; only one licence is required.

Anglers who have an Ontario Angling Licence may fish on the Manitoba portion of Artery Lake without a Manitoba Angling Licence.

**MERCURY IN FISH**

Although Manitoba has some of the cleanest waters in the world, all fish contain some mercury from natural sources. Human activities can cause further increases in these natural mercury levels. Fish from some areas may have elevated mercury levels.

For further information about mercury in fish and for recommended consumption rates, please check the Manitoba Water Stewardship website, or phone Manitoba Water Stewardship at 945-7100 or the Resource Information Service at 945-6784.
LIMITS AND POSSESSION
Fish are considered to be in possession if they are not immediately released into the water from which they were taken. Possession limits are the same as daily catch limits in Manitoba. You may possess no more than one limit of each kind of fish at any time. This includes all fish you have in hand, camp, transportation, at home or for use in a competitive fishing event. The limits on this page apply to most Manitoba waters. Special limits on specific waters are listed in the individual fishing divisions (pages 8-10; 13-15).

NOTICE OF INDIVIDUAL REGULATIONS
The possession and size limits listed below are general, provincial regulations, and apply to most Manitoba waters. However, a number of waters in Manitoba have special, individual regulations. These exceptions and/or additions to the general regulations are found in the following divisional sections on pages 8-10; 13-15.

DISCARDING FISHING LINE
Improper disposal of old fishing line can be a hazard to fish, wildlife and even other anglers. Please do not discard old fishing line along shorelines or into the water. Take your used line home to be disposed of in a safe manner.

CATCH AND RELEASE TIPS

- Play your fish as little as possible.
- Return it to the water quickly.
- Don’t hold it by the eyes or gills.
- Don’t squeeze its belly.
- Never release fish that have been held on a stringer.
FISHING DIVISIONS

SOUTHERN DIVISION REGULATIONS

General Closure: April 1 to and including May 9. Season opens May 10 (refer to map at left for Southern Divisional boundaries).

- Barbless hooks must be used.
- Use of live bait fish is allowed in some areas (see page 3).
- On aerated lakes, if closures are necessary during critical winter periods, signs will be erected.
- All lake trout must be released between September 15 and October 15.
- All lake trout over 65 cm must be released.

STOCKED TROUT WATERS AND LAKE TROUT WATERS

No bow fishing, dip netting, or seining is allowed on stocked trout waters. In Duck Mountain Provincial Park, and in Porcupine Provincial Forest, all trout smaller than 25 cm must be released, except those caught in streams. Annual stocking lists are available from your local Manitoba Water Stewardship Office (see page 10).

The trout lakes, ponds, and reservoirs listed below are open to fishing all year. All walleye, pike, and smallmouth bass caught in these waters from April 1 to and including May 9 must be released. The trout creeks and rivers listed below are closed to all fishing from November 1 to and including April 15.

No motors may be used on those waters marked with an ~. No motors, except electric motors, may be used on those waters marked with an *.

Bagguley Lake
Bear Lake (W of Caddy L)
* Beaver Lake (Duck Mountain)
Birch River (E of Porcupine Forest)
Black Beaver Lake
Blueberry Pond
Bower Lake
Bowsman River
* Camp Lake (NE of Falcon Lake)
Childs Lake - all lake trout smaller than 25 cm must be released.
Davidson Lake
Dorothy Pond
East Blue Lake (Duck Mountain)
* East Goose Lake (S of Roblin)
Eternal Springs (lower and upper ponds)
Forbes Lake - lake trout limit is one.
Garland River
Gass Lake (Porcupine Forest)
George Lake - lake trout limit is one.
Glad Lake (Duck Mountain)
Gull Lake (Duck Mountain)
Gull Pond (N of Camp Morton)
Hadashville Pond
* Hunt Lake
Kinch Creek
Kingfisher Lake
Lac du Bonnet Ponds
Laurie Lake - all lake trout smaller than 25 cm must be released.
Limestone Pond
* Little McBride Lake (NW of Boggy Ck)
Lost Fry Lake (Augile Lake)
* Lyons Lake (S of W Hawk L)
* McHugh Lake - trout limit is one, no natural bait.
Milver Ridge Pond
Mirror Lake (Porcupine Forest)
Nick Lake (Porcupine Forest)
North Duck River
O’Hanly Pond
Olson Lake (Porcupine Forest)
* One Lake
* Patterson Lake - trout limit is one and all trout over 45 cm must be released, no natural bait.

SEASONS

SOUTHERN DIVISION
Generally closed from April 1 to and including May 9. Season opens May 10.

NORTHWEST DIVISION
Generally closed from May 1 to and including May 16. Season opens May 17.

NORTHEAST DIVISION
Generally closed from May 1 to and including May 16. Season opens May 17.

NORTHEAST DIVISION
Generally open to angling all year.

www.manitobafisheries.com
the walleye/sauger limit is 4. All pike over 75 cm must be released.

Dufaults Creek - closed to all fishing, including dip netting, from April 1 to and including May 9.

♦ Echo Lake - a High Quality Management Lake: limits of 4 walleye/SAuger, 4 pike and 2 smallmouth bass.

♦ Falcon Creek - closed to all fishing, including dip netting, from April 1 to and including May 31.

Goudney Reservoir - all walleye shorter than 35 cm must be released.

♦ Hamilton Creek - closed to all fishing, including dip netting, from April 1 to and including May 9.

♦ Hamlin Drain - closed to all fishing, including dip netting, from April 1 to and including May 9.

♦ Happy Lake - walleye limit is 4.

♦ Horseshoe Lake - all smallmouth bass must be released.

Killarney Lake - walleye limit is 4; all walleye shorter than 35 cm must be released.

Lake of the Prairies and its tributaries, including the Shell River west of PTH 83 and the Assiniboine River downstream to the bridge at Shellmouth (PR 549) - walleye/SAuger limit 4; all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released. Anglers may fish with either a Manitoba or Saskatchewan angling licence upstream from the Shellmouth Dam (see border waters - page 4).

Lake St. Andrews - all smallmouth bass must be released.

Lake St. George - all walleye between 45 cm and 70 cm and all pike over 75 cm must be released.

Lake Winnipegosis and its tributaries - the walleye/Sauger limit is 4 and all walleye between 45 cm and 70 cm must be released.

Limestone Bay (on Lake Winnipeg) - closed to fishing all year.

Lonely Lake Drain - closed to all fishing, including dip netting, from April 1 to and including May 31.

♦ Manigotagan Lake - walleye limit is 4.

Mary Jane Reservoir - all walleye shorter than 35 cm must be released.

Minnedosa Lake - see Wahtopanah Lake.

Minnewasta Lake - walleye limit is 4; all walleye shorter than 35 cm must be released.

Moose Lake (near Sprague) - all walleye shorter than 35 cm must be released.

Ochre River - see Dauphin Lake.

Overflowing River - closed to all fishing from April 1 to and including May 16.

Perch Lake - all smallmouth bass and trout must be released.

Porcupine Provincial Forest - walleye limit is 4. All pike over 75 cm must be released.

Proulx Creek: and all other creeks and drains that intersect PR 328 to the east - closed to all fishing, including dip netting, from April 1 to and including May 9.

♦ Quesnel (Caribou) Lake - walleye limit is 4.

Rapid City Reservoir - see Wahtopanah Lake.

Red Deer River from Red Deer Lake to Lake Winnipegosis - closed to all fishing from April 1 to and including May 16.

Red River from the Canada/US border to Lake Winnipeg and all tributaries between Lockport Dam and Lake Winnipeg - anglers may retain only 1 walleye longer than 70 cm per year. Licence holders who catch and retain one of these fish must immediately record the date on the back of their licence. The walleye/SAuger limit is 4.
**Red River** from Lockport Dam to 1 km downstream - dip netting and seining for bait fish only; no suckers; no bow fishing allowed.

**Rossman Lake** - walleye limit is 4; all walleye shorter than 35 cm must be released.

- **Saddler Lake** - a High Quality Management Lake: limits of 4 walleye/sauger, 4 pike and 2 smallmouth bass.
- **Sandy Lake** - all walleye shorter than 35 cm must be released.

**Shoal Lake (on the Ontario border)** - all walleye/sauger must be released.

- **Shoe Lake** - a High Quality Management Lake: limits of 4 walleye, 4 pike and 2 smallmouth bass.
- **Side Saddle Lake** - a High Quality Management Lake: limits of 4 walleye/sauger, 4 pike and 2 smallmouth bass.
- **Singush Lake** - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released.

**St. Malo Lake** - no motors, except electric motors, allowed.

- **Tooth Lake** - all smallmouth bass must be released.

**Turtle River from PTH 5 near Laurier to Dauphin Lake** - see Dauphin Lake.

**Valley River** - see Dauphin Lake.

**Verrall Lake** - all walleye shorter than 35 cm must be released. The walleye limit is 4.

**Wahtopanah Lake and Little Saskatchewan River from the Rivers Dam upstream to Riding Mountain National Park, including Rapid City Reservoir and Minnedosa Lake** - a limit of 4 walleye/sauger and all walleye/sauger between 45 cm and 70 cm must be released. That portion of Wahtopanah Lake and the Little Saskatchewan River from PTH 24 to the Trans-Canada Pipeline crossing on Wahtopanah Lake is closed to all fishing, including dip netting, from April 1 to and including May 31.

**Wellman Lake** - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released.

**West Blue Lake** - no motors, except electric motors, allowed.

**Whitefish Lake** (in the Porcupine Forest) - all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released.

**Whiteshell River from West Hawk Lake to Caddy Lake** - trout limit is 0; closed to all fishing from November 1 to and including April 15.

**Winnipeg River from the Ontario border to Pointe du Bois Dam (including Green Bay)** - smallmouth bass limit is 0; High Quality Management Water: limit of 4 walleye/sauger and 4 pike. All pike between 75 cm and 110 cm must be released.

**Winnipeg River from Pine Falls Generating Station to Lake Winnipeg to and including Traverse Bay** - anglers may retain only 1 walleye longer than 70 cm per year. Licence holders who catch and retain one of these fish must immediately record the date on the back of their licence. The walleye/sauger limit is 4.

**Wilson River** - see Dauphin Lake.

**William Lake** - all smallmouth bass must be released.

---

**please do not litter**

Discarding bait containers, monofilament line and other types of litter along shorelines, on the ice or in the water is illegal and shows disrespect for the environment. Keep our lakes and rivers clean. Do not litter and when possible, show your concern for the environment by cleaning up after others. The fine for littering in Manitoba is $160.

---

**Protection of privacy act**

Personal information collected on angling licences falls under the authority of The Fisheries Act (Chapter F90), Fishing Licensing Regulation 124/97 and will be used only for existing program activities, surveys and enforcement by Manitoba Conservation.

It is protected by the Protection of Privacy provisions of the Freedom of Information and Protection of Privacy Act. For questions about the collection, contact: 945-4170.

---

**For your information**

Manitoba Natural Resource Officers play an important educational role in relation to angling regulations. To ensure that there is compliance to Manitoba’s regulations, officers check anglers on a regular basis on the water but also periodically conduct roadside checkstops in cooperation with other enforcement agencies. To help make your angling experience enjoyable, please be aware of Manitoba’s angling regulations.

The following are set, ticketable fines for the most common angling infractions. Fines may be higher depending on the severity and/or frequency of the infractions.

- Using barbed hooks .......................................................... $52
- Fishing without a licence .................................................. $235
- Over limit ........................................................................ $100 plus $385
- Transport live fish away from the water ......................... $52
- Unattended Line ............................................................... $35
- Failure to carry your licence while fishing ..................... $135

**LAKE SPECIFIC REGULATIONS**

**Athapapuskow Lake** - the walleye limit is 4 and all walleye over 55 cm must be released. The south end is closed to all fishing from September 15 to and including October 10. Quarry Bay and Quarry Bay Channel are closed to all fishing from May 1 to and including May 31.

**Burnwood Lake** - walleye limit is 4 and pike limit is 4. All walleye over 55 cm must be released.

**Clearwater Lake** - the west side is closed to all fishing from September 15 to and including October 10, on a line northeast from the end of Spawn Camp Point to the west side of the inlet of Pike Bay.

**Dolomite Lake** - closed to all fishing from April 1 to the general opening in May.

Grass River from the outlet on Weskusko Lake on a line from the mouth of Rex Creek, southeast to the southwest corner of Campbell Island to the rapids downstream (including Missispew and Wuskatasko Rivers) - closed to all fishing from April 1 to and including July 15. The walleye limit is 4 and all walleye over 45 cm must be released. The pike limit is 4.

Grass River from the CN rail line just north of Iskwasum Lake to the inlet of Reed Lake (including Iskwasum, Loucks, and Flag lakes) - closed to all fishing from May 1 to and including May 31.

Kisseynew Lake and Kississing River from Kisseynew Lake to Kississing Lake - closed to all fishing from May 1 to and including May 31. On Kisseynew Lake the walleye limit is 4.

Kississing Lake and its tributaries, including Bartlett Lake - lake trout limit is 1, walleye limit is 4 and pike limit is 4. All walleye over 55 cm must be released. All nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from a licensed Manitoba tourist operator with an allocation for this fishery.

Kississing River between Kisseynew Lake and Kississing Lake - walleye limit is 4.

Morgan Lake - closed to all fishing from May 1 to and including July 15.

Morton Lake - walleye limit is 2 and pike limit is 2. All walleye over 55 cm must be released. All nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from a licensed Manitoba tourist operator with an allocation for this fishery.

Osborne Lake, Osborne Lake Creek and Wekusko Brook - closed to all fishing from April 1 to and including July 15. Walleye limit is 4 and all walleye over 45 cm must be released. Pike limit is 4.

Pikeyer Creek - closed to all fishing, including dip netting, from April 20 to and including May 16.

Reed Lake, including Krug Lake, Jackfish Lake, Jackfish Lake Creek, Woossey Creek between Reed Lake and Halfway Lake, and all other tributaries of Reed Lake, including Grass River from Flag Lake to Tramping Lake - the limits are 2 walleye, 2 pike and 1 lake trout. All walleye over 55 cm must be released.

Rocky Lake - walleye limit is 4 and all walleye over 55 cm must be released. Goose Bay is closed to all fishing from November 1 to and including May 16.

Saskatchewan River from Grand Rapids Generating Station to 1 km downstream (tailrace channel) - closed to fishing all year.

Snow Creek from Compton Lake to Snow Lake - closed to all fishing from May 1 to and including May 31.

Three Finger Lake - walleye limit is 4 and all walleye over 55 cm must be released.

Wabishkak Lake - closed to all fishing from May 1 to and including May 31.

Wekusko Lake - walleye/sauger limit is 4 and pike limit is 4. All walleye/ sauger over 45 cm must be released. Closed to all fishing from April 1 to and including May 16. Herb Bay north of the hydro line on Wekusko Lake is closed to all fishing from April 1 to and including July 15.

Whitefish Lake and Pineroot River from Whitefish Lake to and including Wabishkak Lake - closed to all fishing from May 1 to and including May 31.

Woossey Creek between Woossey Lake and Morgan Lake - closed to all fishing from May 1 to and including July 15.

Woossey Lake - closed to all fishing from May 1 to and including May 31.
NORTH CENTRAL DIVISION REGULATIONS

General Closure: May 1 to and including May 16. Season opens May 17 (refer to map on page 8 for North Central Divisional boundaries).

- Barbless hooks must be used.
- No live bait fish.

HIGH QUALITY MANAGEMENT

High Quality Management Waters in the North Central Division are listed below. All have limits of 4 walleye/sauger, 4 pike and 1 lake trout and all pike over 75 cm, all walleye over 55 cm and all lake trout over 65 cm must be released.

LAKE SPECIFIC REGULATIONS

Fish Lake and Setting Creek (Fish Creek) and including that part of Setting Lake within 2 km of the mouth of Setting Creek - closed to all fishing from March 15 to and including July 15.

Kiski Lake and Kiski Creek - closed to all fishing from May 1 to and including July 15.

McLaren Creek - closed to all fishing from May 1 to and including May 31.

Nelson River and its tributaries - the tributaries of the Nelson River from Kettle Generating Station downstream to the mouth are closed to brook trout fishing from September 1 to and including September 30.

Owl Creek - closed to all fishing from May 1 to and including May 31.

Thompson Creek - closed to all fishing from May 1 to and including May 31.

Velde Creek (including Joey Creek) - closed to all fishing from May 1 to and including May 31.

Wintering Lake - walleye limit is 4.

NORTHEAST DIVISION REGULATIONS

Generally open to angling all year (refer to page 8 for Northeast Divisional boundaries).

- Barbless hooks must be used.
- No live bait fish.

HIGH QUALITY MANAGEMENT

High Quality Management Waters in the Northeast Division are listed below. All have limits of 4 walleye/ sauger, 4 pike and 1 lake trout, and all walleye over 55 cm, all pike over 75 cm, all lake trout over 65 cm and all Arctic grayling over 40 cm must be released. Only single, barbless hooks may be used on those waters marked with an *.

**LAKE SPECIFIC REGULATIONS**

Gods Lake - all nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery. A High Quality Management Lake.

Gods River (from Gods Lake to Great Bear Falls) - all brook trout must be released.

Molson Lake and its tributaries (except Paimusk Creek) - closed to fishing from May 1 to and including May 16. All nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery. A High Quality Management Lake.

Nelson River and its tributaries - closed to brook trout fishing from September 1 to and including September 30.

Nueltin Lake - all nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery. A High Quality Management Lake.

Paimusk Creek - closed to fishing from May 1 to and including May 31. All nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery. A High Quality Management Water.

---

**FISHING REGULATIONS AND STATUS INDIAN PEOPLE**

The Natural Resources Transfer Agreement, which forms part of the Constitution Act (1930), provides that Indian people have the right to fish for food on all unoccupied Crown lands and on any other lands to which they may have a right of access.

Recognizing the Treaty and constitutional rights of Indian people, Manitoba Conservation considers that status Indians:

- Do not require a licence to fish for food by angling or other means.
- Do not require an angling licence to fish for recreational purposes or to participate in a competitive fishing event, but must follow all regulations when not fishing for food.
- Are not subject to gear restrictions such as the use of gill nets or the number of lines that can be used by angling, however, any unattended gear must be clearly marked with the owner’s name and treaty number.
- Except for conservation closures, are generally not restricted to seasons, limits or areas.
- May angling in stocked trout waters but may not use nets or other methods of fishing.
- May not block more than two-thirds of a river or stream with a net or other device.
- May not fish within 23 metres of a fish ladder or fishway.
- May not sell fish caught under status Indian fishing rights or give fish to a non-Indian person.
- May transport fish from the catch point directly to their nearest residence.
- Must obtain a Fish Transportation Loadslip if fish in excess of a regular limit are to be transported to a location other than their nearest residence.
- While employed as guides or outfitters, may not fish using their treaty or constitutional rights in any manner that could benefit their employer or their business.
- When exercising their rights, are strongly encouraged to carry proof of status.

Non-Indian people may accompany Indian people that are fishing but may not help them to exercise their food fishing rights. For example, non-Indian people could not set or lift nets, however, they could assist in transporting fish while accompanying a status Indian person.

For more detailed information, please contact the nearest Manitoba Conservation office, or telephone 945-6784 in Winnipeg, 1-800-214-6497 outside Winnipeg or visit the Conservation web site at: http://www.gov.mb.ca/departments.html#conservation.

---

**ANGLING PROGRAMS AND SPECIAL EVENTS IN 2008**

This page lists activities to be held in Manitoba in 2008 that are directed towards providing people with opportunities to learn more about angling. For additional information, see page 10 for a list of websites to visit.

"LEARN TO FISH" - Winnipeg’s Community Services Department, in cooperation with the Mid-Canada Marine Dealers Association and their member tackle retailers, and Manitoba Water Stewardship, and with assistance from the Manitoba Wildlife Federation, will again be offering a “Learn to Fish Program” within the city limits through the city’s leisure program. This program is directed towards individuals and families who wish to get started fishing or wish to learn more about fishing in the city. For more information on this or other city angling programs call 986-3112.

"FAMILY FISHING WEEKEND" - Family Fishing Weekend will be held on June 7-8, 2008 across Manitoba (excluding federal parks). During this weekend, people wishing to fish may do so without acquiring a licence. All other rules and regulations will apply. Conservation limits apply to those angling without a licence and who would normally require one. For more information, call 945-6784.

“WINNIPEG FISH FESTIVAL” - Through the efforts of the Mid-Canada Marine Dealers Association, Winnipeg’s Community Services Department and Manitoba Water Stewardship, and with assistance from the Manitoba Wildlife Federation, the tenth annual Winnipeg Fish Festival will be held on July 5, 2008 at The Forks. The “how to’s” of fishing, where to fish and how to handle your catch will be some of the seminars offered during the day as well as activities for children of all ages. The Festival will run from 11:00 am to 4:00 pm and admission is free. For more information, call 986-3112.

“BECOMING AN OUTDOORS WOMAN” - On May 9-11, 2008, the Manitoba Wildlife Federation is again offering a workshop designed for women to learn outdoor skills. The workshop is directed towards beginners or those who may wish to try a new activity. Angling is only one of many topics offered. For more information, call the Manitoba Wildlife Federation office at 204-633-5967.
Common Manitoba Fish Species

Walleye
Yellow Perch
Bullhead
Sauger
Burbot
Channel Catfish
Northern Pike
Carp
Smallmouth Bass
Goldeye
Freshwater Drum
Lake Trout
Mooneye
White Bass
Brook Trout
6. Once an angler has become a specialist (having caught and entered five fish in any given species), the angler may enter only those fish that exceed his or her smallest fish for that species to a maximum of **three** per year.
7. Travel Manitoba will be the sole and final judge as to the acceptance of the entries, and reserves the right to request additional information and requirements as may be deemed necessary in the best interest of the program.
8. Although awards are issued continuously, the Master Angler Awards annual deadline for publishing purposes is September 30.
9. Only one bronze, silver, or gold badge and release crest will be awarded to any one angler, but certificates will be presented for all qualifying fish. Different specialist badges will be awarded for each species.

For more information contact:
The Manitoba Master Angler Program at
(204) 927-7807

**MANITOBA MASTER ANGLER AWARD RULES**

1. Registered fish must be caught in Manitoba in accordance with provincial angling regulations.
2. Anglers must measure the length of a fish to qualify for a Manitoba Master Angler Award as illustrated.
3. Two witnesses, or one witness and a picture are required. All pictures will become the property of Travel Manitoba.
4. Any entry for a fish equal to or exceeding the designated picture length for the species must be accompanied by a photo of the fish.
5. Qualifying fish must be submitted on an official entry form or copy of (one fish per entry form). No changes in the length stated on the application form will be accepted.
6. Once an angler has become a specialist (having caught and entered five fish in any given species), the angler may enter only those fish that exceed his or her smallest fish for that species to a maximum of **three** per year.
7. Travel Manitoba will be the sole and final judge as to the acceptance of the entries, and reserves the right to request additional information and requirements as may be deemed necessary in the best interest of the program.
8. Although awards are issued continuously, the Master Angler Awards annual deadline for publishing purposes is September 30.
9. Only one bronze, silver, or gold badge and release crest will be awarded to any one angler, but certificates will be presented for all qualifying fish. Different specialist badges will be awarded for each species.

Each year, many exceptional trophy fish are caught in Manitoba waters. For this reason, a "**DESIGNATED PICTURE LENGTH CATEGORY**" was established. Anglers whose fish are equal to or exceed the length in this category (shaded column) must submit a picture with a measuring device or some object of standard size in addition to the witnesses (refer to Manitoba Master Angler Award rules #3 and #4).
