

PLEASE RETAIN THESE INSTRUCTIONS FOR YOUR RECORDS

Purpose: To request an increase in the ratio of apprentices to journeypersons

Ratio Adjustment Applications will be considered according to the following criteria:

1. The employer requires the services of a journeyperson, including the supervision of apprentices by journeypersons.
2. The employer agrees to participate in Manitoba's apprenticeship system by releasing apprentices for technical training and examinations.
3. There are no longer an adequate number of journeypersons to train apprentices at a location the employer carries out business.
4. The employer has demonstrated that an attempt was made to hire journeypersons to adhere to the 2:1 ratio (attach copy of most recent job advertisement).
5. The employer is in compliance with the provisions of the Act and the regulations at the time of the request.
6. The employer is prepared to abide by the terms and conditions specified by the executive director.
7. Due to insufficient number of journeypersons the employer is unable to carry out business.

Ratio Adjustment Applications may not be accepted or approved if:

1. The employer has previously been denied a Ratio Adjustment, has violated the terms and conditions of a previous Ratio Adjustment, has violated the Apprenticeship and Certification General Regulation, Employment Standards Code or the Work Place Safety and Health Act, without taking corrective actions since that time.
2. Apprentices are attending technical training and the resulting ratio of apprentices to journeypersons does not require a Ratio Adjustment.

Ratio Adjustment Contract Term: The Ratio Adjustment Contract is valid for up to a 12 month term, effective upon the approval date.

When do I need to apply for an amendment to my Ratio Adjustment? Employers have 90 days from the approval date to make changes to apprentices and journeypersons identified on the Ratio Adjustment Application. If changes occur outside the 90-day period, a new Ratio Adjustment request must be submitted.
