2. PROGRAM STANDARDS

2.1 Update Technical Training

Closed.

The PAC reviewed the level chart, profile chart, the units of instruction and made revisions that will be incorporated into the finalized documents.

The Red Seal Occupational Standards (RSOS) for the trade of Industrial Mechanic (Millwright) (IMM) is in the process of being updated. The following units were included to the RSOS sequencing:

- Vacuum Systems
- Robotics and Automated Equipment

The PAC added and allocated hours to the units in level four. PAC members indicated that it was imperative that hours be allocated for the Robotics and Automated Equipment Unique unit to

INDUSTRIAL MECHANIC (MILLWRIGHT) PAC

ensure apprentices received adequate exposure to the new technology being used within the IMM industry.

Motion 2017.04.04 Closed.

To include the Robotics and Automated Equipment Unique unit to level four with mandatory hours allocated to the new unit.

M: Paul Berard S: Alex Apostle Carried.

2.2 Review Consultation Process

According to *The Apprenticeship & Certification Act*, the PACs must consult with industry regarding the changes to the program standards. The suggested revisions will be incorporated into the draft Consultation Discussion Guide. Once the PAC approves the Consultation Discussion Guide, the document will be circulated to industry. After the consultation period is closed, the PAC will meet to review industry comments and discuss final recommendations to the Program Standards Standing Committee.

Motion 2017.04.05 Closed.

To approve the proposed level charts and profile chart for distribution to industry for consultation as prescribed in The Apprenticeship and Certification Act.

M: Alex Apostle S: Ted Salamandyk Carried.
