5. Project Location: Provide the legal land description and municipality where the project will take place. For projects with multiple sites be sure to include all applicable land.

Municipality	Watershed District	Legal Land Description	Location Explanation

6. Risk Assessment: Refer to Section C in your Environmental Farm Plan. The BMP category applied for must address an environmental risk that you have identified in your EFP workbook.

Workbook Section e.g. B16	Question Number e.g. #5	Area of Concern Identified in Farm Plan (e.g. Livestock access to riparian areas)	BMP Practice Identified in Farm Plan (e.g. Riparian Area Management - exclusion fencing)

SECTION 3. PROJECT DETAILS

Q1. Describe your current operation (e.g. type of farm, types of enterprises on farm, management system / timing of farming operations, crop rotation, etc.). (maximum 1,500 characters)

Q2. Properly describe the environmental risks with the practices currently being used on-farm. (e.g. the lay of the land/soils/drainage/surface water courses/shelterbelt/etc.) (maximum 1,500 characters)

Q3. Fully describe the project that you want to do and explain how your farming operations will change due to implementation of the project (e.g. number of animals relocated, number of acres under different management, number of barns treated, etc.) (maximum 1,500 characters)

Q4. Explain how this proposed project will help to alleviate the identified environmental risks (e.g. reduced water contamination due to relocation of livestock, reduced greenhouses gases due to improved pasture quality, improved air quality due to filtration of barn air, improved use of water due to controlled release of tile drainage, etc.) (maximum 1,500 characters)

Q5. For riparian projects only: What type and number of livestock will be excluded from surface water? (maximum 500 characters)

Q6. For riparian projects only: How will you manage the riparian vegetation (if present)? (maximum 500 characters)

Q7. How far is the proposed fence from the water source (well, dugout or riparian area)? Are all dugouts fenced? Please include a map that clearly shows the waterbody and proposed fence. (maximum 1,250 characters)

Q8. What are you going to use for a water source and system? What is the location and capacity of the new water source and fence lines? (maximum 1,250 characters)

You must include a diagram or aerial photograph that explains what your project will include. Be sure that your diagram(s):

- Identifies the location of all wells, surface water bodies/water courses and any additional sources of water, AND Indicate the distance between all farm structures and identified sources of water
- Clearly shows the waterbody and proposed fence
- Identifies the location of all relevant farm structures: buildings, fuel tanks, livestock facilities, fence lines, manure storages, pesticide storages, utilities (telephone, power, gas), roads, trails, field and pasture layouts, including fences and watering systems for livestock, etc.
- Shows direction of overland flow/runoff (i.e. slope) and drainage features (e.g. berms, collection basins, ditches, etc.)
- Photos can also be very helpful. If you have pictures of the project area, please include.
- Have you included at least one (1) official quote for contracted items (e.g. engineering, earthworks, building erection, etc.), with all specifications, materials and labour itemized in the budget section?

SECTION 4. PROPOSED BUDGET

Complete the table below on project costs. Make sure to provide quantities (e.g. feet of fence, yards of earth, and hours of labour), total costs, and a description of what the cost is for. Include incremental labour and equipment use in the project costs. Costs for most items can be estimated, but make sure to provide at least one (1) official quote for contracted items (e.g. engineering, earthworks, building erection, etc.), with all specifications, materials and labour itemized. Budget information should be based on quotes received from suppliers and vendors, less GST.

Expense	Description	Estimated Cost
Total Project Cost	(A)	
Eligible Cost Share	(B)	50:50
Total Eligible Program Funding	(C)	
Category Cap	(D)	\$10,000
Total Eligible Program Funding (Enter lesser of C or D)		
Budget information should be based on quotes received from suppliers and vendors, less GST.		
<p>Project will be cost shared between the applicant and the government at a ratio and maximum funding amount outlined in the Ag Action Manitoba Farmers Guidebook. Additional information on specific eligible costs, including equipment, can be found in the Ag Action Manitoba Farmers Guidebook.</p>		

SECTION 5. DECLARATION AND SIGNATURE

I confirm that I have read, understood and am in compliance with the objectives, principles and criteria set out in the applicable Guidebook to the terms and conditions of the CAP-Ag Action Manitoba Program and other requirements found on the website below:

<https://www.gov.mb.ca/agriculture/canadian-agricultural-partnership/index.html>

In addition to being in compliance with the Guidebook to the terms and conditions, I understand that I must meet the following conditions in order to be eligible for funding:

1. Allow the Minister of Agriculture and Resource Development or its designate the right to conduct a compliance audit on the project described in this application.
2. Agree to provide appropriate recognition for the financial assistance of federal and provincial grants.
3. Agree that, unless authorized, expenses for project activities started before the date in the funding decision letter or contribution agreement will not be reimbursed.
4. Ensure this application has been signed below by the CEO/Chair/President, owner(s) or a legally authorized representative who is duly authorized to accept the terms and conditions by clicking on the box indicating your acceptance. If you do not have the authority or do not accept the terms and conditions, you must not submit this application.
5. Agree that the project will be implemented in compliance with federal, provincial and municipal requirements.
6. Understand that the information contained in this application is being collected for the purpose of assessing and reviewing my eligibility for funding under the CAP-Ag Action Manitoba Program, and that such information will be used and disclosed for application assessment and review purposes, including verification of the information submitted as well as program review, statistical purposes and performance reporting.

By checking the boxes below, you are agreeing with the information contained in Section 5, an ink signature is not required.

Date application completed and submitted

I agree that, as the applicant, if this application is accepted, I will be required to enter into a funding letter or contribution agreement with Manitoba Agriculture and Resource Development that sets out project requirements and funding conditions.

I acknowledge that I am not a Manitoba government employee with a 50% or more share in the organization or company pertaining to this application, or a current or former member of the Legislative Assembly of Manitoba.

I have read and agree with the Terms and Conditions contained within the Guidebook associated with this CAP activity.
