

**2025-2026 HEALTHY SCHOOLS GRANT REPORT
SCHOOL DIVISIONS**

Healthy Schools Initiative

DUE: OCTOBER 31, 2026

About the Healthy Schools Grants

As part of the Healthy Schools Initiative, school divisions receive the Healthy School Grant (HSG) annually to support their Healthy Schools plans and priorities. It is available to support school divisions and schools as they work together with their community partners (including local regional health authorities) to build healthy school communities. School division funding is calculated as \$5,000.00 + \$2.06 per student in the division. The HSG can be used for divisional initiatives, school-based initiatives, or a combination of both.

Activities are planned and implemented based on the needs identified within the school community and align with the priority health topics of Healthy Schools (healthy eating, mental health promotion, physical activity, safety and injury prevention, sexual health, and substance abuse and addictions). The grants are also intended to improve the health outcomes for priority student populations, including low socioeconomic status, Indigenous populations, Newcomers and 2SLGBTQ+ students.

When funding supports division-wide initiatives, school divisions must designate a committee (with community stakeholder representation) to be responsible for allocation. Funding allocation decisions can be made by an existing committee (e.g. Mental Health Committee) or a committee formed specifically to allocate the Healthy Schools Grants. Community stakeholders represented on the committee may include, but are not limited to, regional health authority representatives, Newcomer Serving Organizations, Indigenous Organizations, and Parent Councils. Schools and divisions are also encouraged to use results from surveillance tools to facilitate evidence-informed decision-making.

Guidelines for Allocation of Healthy Schools Grant

Healthy Schools Grants can be used to support:

- Direct programming for Kindergarten to Grade 12 students;
- Population-health programming, delivered by certified instructors (cannot include paid salaried positions);
- One-time events (e.g. wellness days or community events) with clear intent to integrate community members in the school environment or increase parental engagement;
- Speaker fees or presentations that relate directly to the identified priority areas;
- Field trips, experiential learning and knowledge enhancement, relating to the identified priority areas (cannot include fuel or transportation costs);
- Building staff capacity within priority areas (not to exceed 30% of funding);
- Equipment purchases with evidence of availability for all students' use, supplementing equipment available to programming for priority populations, when no other funding source is available.

Healthy Schools Grants cannot be used to support:

- Fuel or transportation costs;
- Conference fees for teachers;
- Textbooks;
- Facility safety (e.g. radon testing);

**2025-2026 HEALTHY SCHOOLS GRANT REPORT
SCHOOL DIVISIONS**

Healthy Schools Initiative

DUE: OCTOBER 31, 2026

- “Our School” (Tell Them from Me) Survey modules;
- Divisional retreats for administrators and associated meeting costs;
- Salaried positions (e.g. clinicians, social worker, therapist, AFM worker);
- Health screening (e.g. vision, hearing, behavioural assessments or oral health screens);
- Capital or facility expenses, however, equipment for focussed programming can be purchased as noted above;
- Therapeutic interventions or individual interventions (e.g. home placement transition supports, one-on-one counseling, Cognitive Behavioural Therapy or other behavioural interventions)

Guidelines for Completing and Submitting the Healthy Schools Grant Report

School divisions are required to submit Divisional Wellness Plans (pertaining to student health) and complete the full Healthy Schools Grant report online for the 2024-25 school year by October 31st. This report provides an account of Healthy Schools activities from the 2023-24 school year and is required for the school division to receive the HSG for the subsequent school year (2025-26). The following sections must be completed in full and submitted to the Healthy Schools Initiative:

- 1. Identification**
- 2. Planning Process**
- 3. Financials**
- 4. Comprehensive School Health**
- 5. Successes and Challenges**

There are two ways the HSG Report can be completed and submitted:

- 1. Email** – complete the report in “word document” format OR complete and scan, then email it to healthyschools@gov.mb.ca
- 2. Mail** – complete the report and mail a hard copy to the Healthy Schools Initiative (4089-300 Carlton Street, Winnipeg MB R3B 3M9). Please keep a copy for your records before mailing.

4. COMPREHENSIVE SCHOOL HEALTH

Healthy Schools is rooted in *comprehensive school health* (CSH) which is an internationally recognized framework for supporting improvements in students’ educational outcomes while addressing school health in a planned, integrated, and holistic way. See attached “What is Comprehensive School Health” document for background information (<https://www.gov.mb.ca/healthyschools/csh.html>).

ACTIVITY #	DESCRIBE HOW YOUR ACTIVITIES CONSIDERED/COMPLEMENTED/ADDRESSED THE CSH FRAMEWORK PILLARS:			
	TEACHING & LEARNING (e.g. how do your activities support what is taught through curriculum?)	HEALTHY SCHOOL POLICY (e.g. how do your activities align with various healthy school policies?)	PARTNERSHIPS & SERVICES (e.g. how do your activities engage parents, community organizations, and volunteers to support your efforts?)	SOCIAL & PHYSICAL ENVIRONMENT (e.g. how do your activities support the creation of a safe, welcoming, and health promoting environment?)
