

**Figure 12:** Quaternary stratigraphy present at section 112-16-424: **a)** Stratigraphic log of section 112-16-424. Till sample numbers are in white boxes. Munsell colour from Munsell Color–X-Rite, Incorporated (2015); **b)** View from river level of the exposed Quaternary sediments; **c)** Sandy-gravel logged at the section; **d)** Contact between sandy-gravel and diamict logged at the section; **e)** Dark greyish brown diamict logged at the section; **f)** Till-derived gravel bar at the base of the section. The gravel bar has a high proportion of metasedimentary and metavolcanic clasts; **g)** Oblique aerial view of the exposed Quaternary sediments.
