**WASKADA OFFICE CLOSURE**

Manitoba Agriculture and Resource Development is launching a new rural service delivery model to modernize services provided to clients whose needs and expectations have changed. As a result, the Resource Development office in Waskada will be closing **April 9th, 2021**.

To support the delivery model, the Resource Development offices located in Virden and Winnipeg will remain open and will continue to deliver in-person petroleum related services. In addition, an interactive online chat program, which will allow clients to access real-time assistance from a smartphone, tablet, computer, or through a toll-free number, will be developed in the future.
