

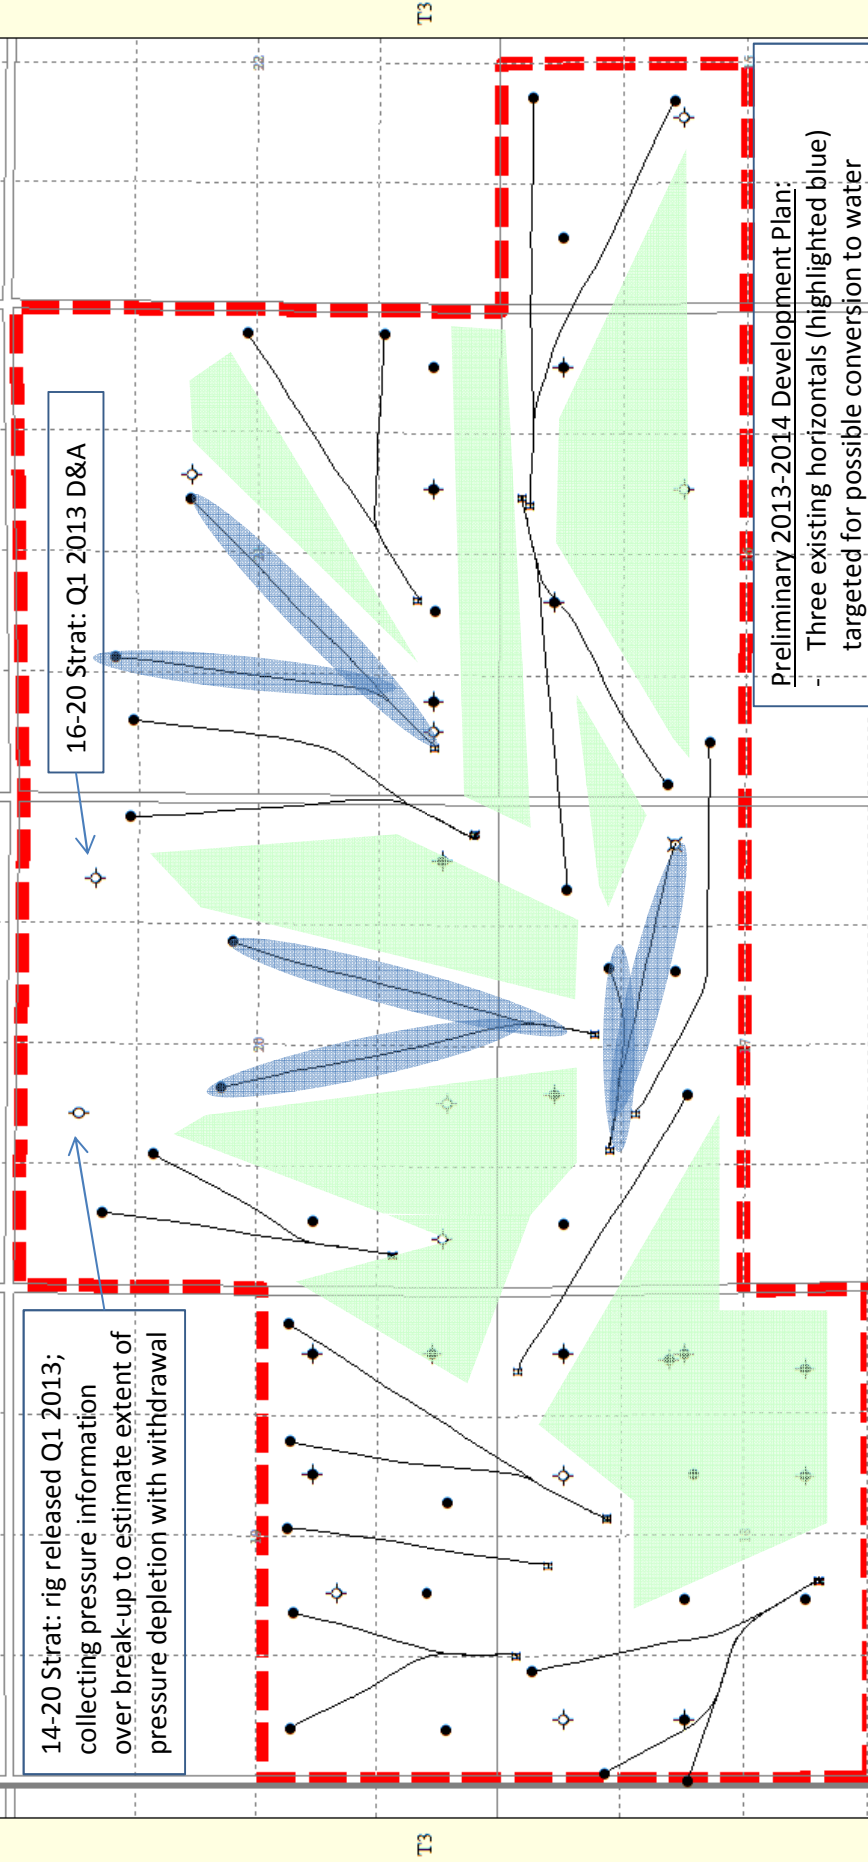

Figure 7 - Proposed North Pierson Unit No. 1

Field Development Plan 2013-2014

14-20 Strat: rig released Q1 2013;
collecting pressure information
over break-up to estimate extent of
pressure depletion with withdrawal

16-20 Strat: Q1 2013 D&A

Preliminary 2013-2014 Development Plan:

- Three existing horizontals (highlighted blue) targeted for possible conversion to water injection service with Unit approval:

- 15-17 Hz 10-20-3-28
- 14-17 Hz 9-17-3-28
- 4-21 Hz 10-21-3-28

- Shaded green areas are being evaluated for possible additional delineation
