Dear Brad,

RE: Sinclair Unit No. 8 Project Approval

The Petroleum Branch is pleased to grant approval of Sinclair Unit No.8 covering section 33-07-29, the North half and LSD's 2-7 of section 28-07-29 and the North half of section 32-7-29 WPM in the Daly Sinclair Field. The effective date for Sinclair Unit No. 8 will be January 01, 2012.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen at (204) 945-6570.

Yours truly,

Keith Lowdon
