

Notice of Environment Act Proposal

Manitoba Environment and Climate Change invites public comment on the following proposal:

MUNICIPALITY OF BOISSEVAIN-MORTON – BOISSEVAIN WASTEWATER TREATMENT LAGOON UPGRADES – FILE: 123.20

The Municipality of Boissevain-Morton proposes to upgrade the existing Boissevain wastewater treatment lagoon located at SE 23-03-20 WPM. The proposed development includes the construction of one new primary aerated cell, two submerged attached growth reactor (SAGR) cells, a new sewage wastewater lift station, a treated effluent lift station and outfall into Cherry Creek with continuous year-round discharge, upgrading and converting the existing secondary cell to a primary aerated cell, and decommissioning of the existing primary cell. Removal of accumulated biosolids from the existing cells is also proposed with land application of associated biosolids to surrounding agricultural fields.

Anyone likely to be affected by the proposal and who wishes to comment, should contact Robert Boswick, Senior Environmental Engineer, in writing or by email at Robert.Boswick@gov.mb.ca no later than April 19, 2025. Further information is available from the Public Registry: www.gov.mb.ca/sd/eal/registries

Information submitted in response to this proposal will be available to the proponent and placed on the public registry per Section 17 of The Environment Act.
