Dear Daniel McDermid:

Re: Notice of Alteration – City of Selkirk Wastewater Collection and Treatment Plant – Environment Act Licence No. 3273

Thank you for your notice of alteration dated June 26, 2023. The department understands you wish to provide partially treated (not disinfected) wastewater as process water to Canadian Premium Sand Inc. (CPS) via a new forcemain, lift station, and associated works.

I approve the described alterations to the City's wastewater collection system and treatment plant per Section 14(2) of The Environment Act with the following conditions:

- engineering drawings of the planned new City-owned and operated forcemain, lift stations, and works associated with this alteration, including flow measuring and monitoring components must be submitted to the director a minimum of 30 days prior to the anticipated construction start dates for these components; and
- a draft of the Industrial Services Agreement with CPS must be submitted to the director for review prior to operation of the forcemain, lift station and associated works that is the subject of this alteration approval.

All clauses of Environment Act Licence No. 3273 remain in effect. This approval is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/index.html>.

If you have any questions regarding this letter, please contact Robert Boswick, Senior Environmental Engineer, Environmental Approvals Branch at Robert.Boswick@gov.mb.ca or 204-918-5853.

For questions relating to the ongoing administration of the licence, please contact Tyler Kneeshaw, Regional Supervisor, Environmental Compliance and Enforcement Branch at EnvCEInterlake@gov.mb.ca or 204-239-3608.

Sincerely,

Original Signed By
Agnes Wittmann
