Hudbay Minerals Inc.
P.O. Box 1500, #1 Company Road
Flin Flon MB R8A 1N9

Dear Jay Cooper:

Re: Environment Act Licence No. 3263 - Notice of Alteration Request

Thank you for your notice of alteration received on January 25, 2022, for an alteration to Environment Act Licence No. 3263 (the licence).

The alteration is to upgrade the existing diesel-powered backup system at the existing freshwater pumphouses at the Anderson Tailing Impoundment Area (TIA) and Snow Lake. The pumphouses provide fresh water and recycled water for use in the mineral extraction process at Stall Concentrator.

I am satisfied that the potential changes to the environmental effects resulting from this alteration would be insignificant. Therefore, I approve the implementation of this notice of alteration.

An updated Environment Act licence will be issued in the near future that will reflect this approval.

Should you have any questions regarding this approval, please contact Jennifer Winsor, Senior Environmental Engineer, Environmental Approvals Branch at Jennifer.Winsor@gov.mb.ca or 204-945-7012.

For questions relating to the ongoing administration of the licence, please contact Cristal Huculak, Regional Supervisor, Environmental Compliance and Enforcement Branch at Cristal.Huculak@gov.mb.ca or 204-620-5797.

Sincerely,

Original Signed by

James Capotosto
