Dear Mr. Howes:

**Re: Notice of Alteration – Dangerous Goods Handling and Transportation Act Licence  
58 HW S2 RRRR – Storage Location of Used Paint**

Thank you for your October 18, 2016 Request for Amendment to Dangerous Goods Handling and Transportation Act Licence No. 58 HW S2 RRRR for the Manitoba Environmental Centre in the Rural Municipality of Montcalm, and additional information submitted on October 24, 2016. The amendment consists of requesting authorization to store up to 200 tubskids of paint in the building identified as Storage Building 1. The tubskids contain an assortment of smaller containers of latex and/or oil based paint from household hazardous waste collection depots.

Upon review of your amendment request, I have concluded that the environmental effects of the proposed alteration will be insignificant, and, therefore, you are hereby authorized to carry out the proposed amendment to store up to 200 tubskids of paint (tubskids may contain a mix of latex and oil based paint containers) in Storage Building 1; subject to the following terms and conditions:

1. Storage of the waste paint is in compliance with all requirements of the Office of Fire Commissioner; and
2. Approval is sought from both the Manitoba Hazardous Waste Management Corporation and the Citizen Liaison Committee in accordance with Clauses 14 and 21 of Licence 58 HW S2 RRRR; and a copy of the approval is provided to the undersigned.

If you have any questions regarding this matter, please contact Ms. Cory Switzer, Environmental Engineer at 204-250-7645.

Yours truly,
