Dear Barry Blue:

Re: Authorization to Use Cell 16

Thank you for your October 23, 2020 Construction Monitoring Report (report) for Integrated Waste Management Facility (IWWMF) Leachate Pond received on December 4, 2020. The report, submitted by Trek Geotechnical on behalf of Waste Connections of Canada Inc., is acknowledged as a request to use Cell 16 of the landfill.

The laboratory results and associated report indicate that the requirements of Clause 43 of Environment Act Licence 2177 E R5 have been attained.

In accordance with the authority provided under Clause 43, approval is granted to commence the use of Cell 16 in accordance with the limits, terms and conditions of Environment Act Licence 2177 E R5.

Yours sincerely,
