Ms. A. Wittmann
Director, Environmental Approvals Branch
Manitoba Environment and Climate Change
EABDirector@gov.mb.ca

Dear Ms. Wittmann,

RE: GRAND RAPIDS GENERATING STATION – SHORT-TERM EXTENSION LICENCE

We request renewal of the Short-Term Extension Licence (STEL) for Grand Rapids Generating Station under the provisions of Section 92(6) of Water Power Regulation 25/88R. We request that the STEL be renewed for an additional five-year term. The first STEL was issued on December 12, 2014. The supporting documentation provided at that time is still valid. The second STEL was issued on December 19, 2019, the third STEL was issued on December 23, 2024, and the fourth STEL was issued December 24, 2025.

Manitoba Hydro continues to operate the Grand Rapids Generating Station in compliance with the fourth STEL. Ongoing compliance with the licence is documented in our Annual Water Levels and Flows Report.

If you have any questions about this matter, please call me at 204-360-3018.

Yours truly,

W.V. Penner, P. Eng
Manager
Waterway Approvals & Monitoring Department
