Ms. A. Wittmann
Director, Environmental Approvals Branch
Manitoba Environment and Climate Change
EABDirector@gov.mb.ca

Dear Ms. Wittmann,

RE: KELSEY GENERATING STATION – SHORT TERM EXTENSION LICENCE

We request renewal of the Short Term Extension Licence (STEL) for Kelsey Generating Station under the provisions of Section 92(6) of Water Power Regulation 25/88R. We request that the STEL be renewed for an additional five-year term. The first STEL was issued on December 12, 2014. The supporting documentation provided at that time is still valid. A second STEL was issued on December 19, 2019, a third STEL on December 23, 2024 and a fourth STEL on December 24, 2025. The fourth STEL expires on December 31, 2026.

Manitoba Hydro continues to operate the Kelsey Generating Station in compliance with the fourth STEL. Ongoing compliance with the licence is documented in our Annual Water Levels and Flows Compliance Report.

If you have any questions about this matter, please call me at (204) 360-3018.

Yours truly,

W.V. Penner, P. Eng
Manager
Waterway Approvals & Monitoring Department
